Xmas

rules, but if followed will assure your parcel being received in first class condition.
One may begin to think a little here, at home, about mailing Christmas cards and packages early to avoid the rush and congestion. It may be well to purchase stamps now in preparation for mailing early. Another item concerns people with storm doors. It may be advisable to have slots put into the doors. The reason is simple. If the carrier opens the storm

door and a gust of wind takes it from his grasp damage may result, and the Department will not be libel. On the other hand, barring any damage, it does lighten the burden of the carrier considerable, with his pack and arms full it puts an added burden on him to have to open storm doors.
With the Christmas holidays coming closer, added employees will be taken on at the office. Persons interested in obtaining part time employment during this time, are asked to contact the Postmaster for an application.
Incidentally this is "National Letter Writing Week. This runs from October 12 to 16. Do your part by writing some one a letter.

Let us work with you in setting up your savings program. Tell us how much you want by any given date, and we'll arrange a plan whereby you can save it. Stop in this week.
