Boy Scout Week February 7 to 13

Plans To Be Made For Summer Jamboree In Southern California

The Boy Scouts of America now observing its 43rd birthday during Boy Scout Week, Feb. 7 to 13, is planning its Third National Jamboree for this summer as part of its Three Year Program known as "Forward on Liberty's Team."

It will be a "once-in-a-lifetime" experience for 50,000 Boy Scouts, Explorers and Scout Leaders of all races and creeds who will live in a democratic tent city that will rise on a real western ranch near the Pacific Ocean.

The owners of Irvine Ranch in the Newport Harbor area in Southern California, about forty miles southeast of Los Angeles have loaned a 3,000 acre site to the Boy Scouts of America. Here will spring up, literally overnight, a city of 30,000 tents, with its own electricity, water supply, sanitation, telephone system, food supply, doctors, fire protection, in fact all essentials found in a community of this size.

Boys from all walks of life, of all races and creeds will live together, including about 200 Scouts from other countries around the world. Here in the youthful city they will exchange skills, home-town products and learn about the customs and traditions of many sections of the nation.

There will be pageants and ceremonies, campfires and music, demonstrations of campcraft and Scoutcraft, friendship-making and the opportunity of meeting some of America's outstanding citizens.

Dr. Arthur A. Schuck, Chief Scout Executive, sees the Jamboree as a "top experience in the life of a boy" and we hope our area will be well represented. Any Scout or Explorer who wants to attend will undoubtedly use all his Scout ingenuity to make the trip possible.

Eshleman stated that President Eisenhower had been taken into a club at Abeline, Kansas as an Honorary Member and if the by-laws permitted it, he thought it would be a nice gesture to have a most successful son of Mt. Joy made an Honorary member of this club.

To Participate In A Four Year Church Program

The Mount Joy Methodist Church made plans to participate in a four-year program of church extension and institutional work to be undertaken in the Philadelphia Methodist Conference. Plans were made Sunday night at the regular meeting of the official board.

The proposed four year program asks that each member cooperating congregations contribute one-half cent each day for the next four years. These funds will be used to establish new churches and in extending institutional work in the Conference. The Mt. Joy Church will supply each member with a small bank in which they can make their contributions.

Mrs. Norman Linton, Mrs. William Fackler, and Mr. Henry Straub were named to a committee to promote the program in the local church.

The Official Board requested that Midweek Lenten Services be held every Wednesday during Lent at 7:30 p. m. The final item of business was the nomination of Commission Members and Committee Members, to be elected at the Fourth Quarterly Conference, February 17, for the church year May 1953-54. The Rev. Robert C. Pike, pastor of the Church, presided at the meeting.

Volunteers Map Finale For 'Dimes'

You still have a few days to get that March of Dimes contribution in. The nationwide campaign to raise polio-fighting funds closes January 31 when an estimated 1,500,000 volunteers will begin tabulating the results of their month-long efforts to raise the needed money.

In a last minute appeal, Basil O'Connor, president of the National Foundation for Infantile Paralysis, reminded campaign workers that more polio sufferers than ever before are counting on the March of Dimes for needed financial aid.

Sites Unpaid Bills "We simply cannot let a single patient suffer for lack of funds," Mr. O'Connor said. "We must raise enough money to care for the 58,000 who were stricken in 1952 and prior years and still need our help."

"This is in addition to the more than \$7,000,000 in unpaid bills inherited from last year, together with the responsibility for pushing our research programs to the limit. We simply can't coast during these last few days."

Although local campaign leaders are optimistic about the results of this year's drive, no one could say whether or not the necessary funds would actually be raised.

Half of all money contributed to the March of Dimes is used by our county chapter to help pay cost of treating local polio patients or, in emergencies, polio patients elsewhere. The other 50 percent finances March of Dimes research, professional education and epidemic aid programs.
