MT. JOY DEPT. STORE

Annual Report To Shareholders

Mr. G. T. Storb, Pennsylvania Power & Light Company's Lancaster division vice president, today announced that the mailing of the utility's 1952 annual report to its more than 76,000 shareholders is underway. Totalling more than 16 tons, copies of the report will be mailed to every state in the union and foreign countries. The company's 6600 employees, of whom almost 40 percent are shareowners, will also receive copies of the report.

With the majority of PP&L owners holding less than 15 shares each the company has designated its report as to present in a simple and interesting fashion, a digest of the year's operations. Illustrated throughout with full-color photographs, the 36-page report follows the modern trend toward securing greater understanding of company affairs among small investors.

To keep pace with the constantly growing demands for electric power by Central Eastern Pennsylvania homes, farms and businesses, expenditures for new and additional electric facilities during 1952 were \$23.4 million. Major items of construction included work on the fourth generating unit of 125,000 kilowatts at Sunbury plant which was more than half completed at the year's end, start of construction on the first unit of 132,500 kilowatts at the company's new Martins Creek plant and substantial additions to the utility's network transmission and distribution systems.

Oakes added that continue this expansion program in the years 1953 through 1956 will require an estimated \$129 million. Expenditures planned for 1953, alone, are \$39.8 million, more than for any year in the company's history. Of this amount \$21 million will go for completion of Sunbury plant's fourth unit and substantial progress on the first unit at Martins Creek, scheduled for completion in 1954. Substantial other work to further strengthen the company's electric supply system throughout the service area will require an estimated \$18.8 million.

Facts about Hosiery

Nylons get tired. Hosiery men say a single pair should never be worn two days in succession. Best plan for long wear—have a pair for every day in the week.

We wish to thank our kind friends and neighbors for their acts of love and sympathy during our sad bereavement, and also extend grateful thanks for the beautiful floral tributes, Mrs. Harry Brooks and family. 12-1c

Men are more stylish than women when it comes to hosiery. Men's hosiery wardrobe always puts women to shame. Fancy types in color and design are best for gifts.

Children's socks are made too good. They're usually outgrown before they're worn out. Tight socks are bad for Junior's feet.

Women find it's actually cooler to wear sheer hosiery in summer than to go barelegged. It's safer, too, since bare feet in shoes are the cause of many serious foot infections.

Everybody, Everywhere, Reads The Bulletin

The miles that come in cans

Not too long ago, you took "pot luck" when you bought oil for your car. It all came out of a big drum. Whether you got the right weight and grade was often a matter of luck. Today, there are hundreds of different lubricants. Each is engineered to do a specific job in your car. Each is identified clearly for your use in an attractive, tamper-proof can.

Oil, of course, isn't the only automotive product that comes in cans today. There are anti-freezes, windshield cleaners, tire-repair kits, nuts and bolts for minor repair jobs. Also waxes and car wash. These are just a few of the products that fill the millions of cans used in Pennsylvania every year.

All are important contributions to the miles of happy motoring you enjoy. Moreover, they bring to American life economic benefits you probably never even thought of. Thousands of jobs, for example, are created. Purchasing power is increased. New businesses are able to get started.

It's true of any business in America—people working together make miracles happen. Consumers, workers and investors have made it possible for the American Can Company to do great things in the past, and to promise even greater ones for the future.

new commandment of love for one another. From this the scene passes to the infinite paths of the Garden of Gethsemane, the sudden appearance of the hostile crowd, Jesus forsaken by His disciples. His utter loneliness among ruthless foes, the tumult before Pilate in the Judgment Hall, the Passage of the Cross, the tragedy and triumph of Calvary.

Soloists are Mrs. Warren H. Bentzel and Mrs. Clifford M. Schmid, Sopranos; Mrs. Gerald Hostetter, Contralto; Henry S. Weber, Jr. and Joseph D. Buchsauer, Tenors; Lester M. Mumma and Warren H. Bentzel, Baritones. Other participants are: Frank Aument, Dora Barwick, Anna Mae Eby, Shirley Eby, Virginia Greenawalt, Herman Kreiner, Elizabeth Mateer, Rev. Ranck, Darlene Schneider, Patricia Schroll, Jay Sherk, Melissa Strickler, Miriam Tyndall, Nellie Vogel, Sara West, Faye Wickenheiser, Nancy Williams, Charles Wolgemuth, and Genevieve Zimmerman.

Clifford M. Schmid is choir director and Miss Luella H. Witmer is organist. The devotional period will be in charge of the pastor, Rev. E. H. Ranck.

Hearing Center
(From page 1)

The purpose of the Hearing Center Association is to raise funds for maintenance of the Hearing Conservation Center, located at 427 North Duke St., in Lancaster, which was organized in November of 1946 and which until January 1 of this year worked primarily in the area of speech and hearing therapy for hearing-handicapped children of school age. Now that the Department of Public Instruction has provided a speech training specialist for school children, the Hearing Center is able to enlarge its scope to include pre-school children, parent training, adult lipreading classes and mutual cooperation with the Department of Public Instruction's Division of Special Education.

In the first year of the Center's existence some 30 cases were treated and its services have increased until last year more than 300 cases were treated, many of them from the county, referred by public and parochial schools. In Mount Joy 26 children have received the benefit of the services of the Center, such as the medical diagnostic clinic and audimetric testing. Membership in the Hearing Center Association is \$1.00 per year. Other financial aid to the Center is derived from the proceeds of the annual Bell Day Boys which was held for the second time December 5, 1952.

E-TOWN MEN'S WORK TO SPONSOR SERVICES
A program of sacred music will be presented by the Chapel Quartet on Sunday evening, March 22, at 7:30 p. m. in the Elizabethtown Church of the Brethren, being sponsored by the Men's Work organization of the Church.
Joseph W. Kettering, president of the National Council of Men's Work for the Church of the Brethren, will preside. Galen W. Herr will be in charge of the devotions. Wilbur E. Weaver is president of the Men's Work in the Elizabethtown Church of the Brethren.
Members of the Chapel Quartet are: Dr. H. G. Bucher, Mt. Joy, Harold Merkey, Walter Gingrich, and Edwin Keemer.
The annual Father and Son Banquet, sponsored by Men's Work, was held last Friday evening at Baker's Dining Room, with Dr. McKlveen of Lebanon Valley as the speaker. Paul M. Grubb served as toastmaster. Special music was provided by the Men's Work Octet.
