Borough Authority made it known there is a petition seeking annexation being circulated in the Stauffertown area.

Council indicated it had been not contacted by any Stauffertown residents on the matter before passing the motion, which stated that the borough is looking forward to the annexation which will provide Stauffertown residents with water and sewer facilities.

Other Business

Other business included providing parking space for a local taxi cab, operated out of Elizabethtown, on E. Main Street, opposite the theatre.

Since the new water mains were laid in the borough, the streets have been torn up and no action was taken to have them repaired. Consequently on the advise of Authority President Miller, the street committee was assigned to make a survey and turn over the results to the borough secretary, who will advertise for bids to be opened April 27 at a special meeting. The cost of repaving will then be borne by the authority.

DST Approved

In other business, council went on record approving Daylight Saving Time for the Borough beginning Sunday, April 26.

Councilmen Spangler and Groff were appointed to represent council at a welfare committee meeting on April 20. Appointed to meet with the Christmas decorations committee on April 22 were Councilmen Hostetter, Bailey and Myers.

Also attending the meeting were local Youth Day government officials who plan to meet in the near future and determine what action they would take on the matter discussed at Monday night's meeting. They plan to make known the results of their session at the May meeting of council. The Youth Day officials were introduced to the councilmen by O. K. Snyder Jr.
