Jointure Of Florin And Mount Joy Suggested At Meeting Of The Florin Lion's Club

At the regular Monday dinner meeting of the Florin Lions Club held at the Keystone Diner, Lion President Arthur Wolgemuth introduced District Governor Arthur Summers who gave a brief talk on perfect attendance and presented his collection of Lions Buttons which he has collected over the years since becoming a Lion.

Guest speaker for the meeting was Attorney Clarence Newcomer who spoke on the subject of Mount Joy and Florin joining together. He pointed out briefly some of the historical aspects of both Mount Joy and Florin. He stressed that since the incorporation of Mount Joy, the borough has grown physically, socially and economically. He mentioned that since Florin is part of two townships, Mount Joy and East Donegal, it must turn to the townships for their support. According to Attorney Newcomer, it would be much better for Florin and Mount Joy to join together so they can work together and not independently to enjoy community services such as: The water system (Turn to page 8)

The Remembrance Committee Decides To Disband

It's About Time - To Be Shocked! (AN EDITORIAL)

A lot of us here in Mount Joy are going to feel a bit shocked when we realize that the Remembrance Committee is being forced to disband — but it's about time we were shocked! Because a lot of us, while praising the objectives of this committee, haven't done a solitary thing to help it to function. Oh, sure, we contributed money to help buy materials. But that wasn't all. What the committee needed—if needed, appealed for—and did not get—help, a few hours' time from a whole lot of us! And it's pretty hard for any of us to squirm out of that indictment because there weren't more than a few Mount Joy persons (or any other persons for that matter) present at any of the recent meetings of the committee. We don't blame those few committee members because no worthwhile work can be carried on with that paltry support. We are not going to blame anyone. We're just going to hope (and pray a little, too) that the shock will be great enough to cause some local organization, club, society, group or individuals, to take over this work so that our boys and girls in the service may continue to receive articles from home—and to realize that they haven't been left down after all!

Air Raid Alert Planned For Tuesday, April 21st. Bells & Sirens To Sound At 2:35 P.M.

A state-wide air alert will be held Tuesday, April 21. The sirens and bells will sound at 2:55 P. M. and all activities will stop for six minutes according to the Mt. Joy Civil Defense director. The director is asking the cooperation of every man, woman and child in the borough by following these instructions: If in an automobile you will shut off the motor, seek cover, crouch or lie down in the vehicle. You must stop the car at the side of the street or road so that arteries may be clear for emergencies. All people in their homes at the start of the alert will be expected to go to their designated or selected shelter areas and to remain there until the all clear sounds. All people on the street or out in their yards when the red alert sounds will be expected to take cover and remain there until the all clear has sounded. Persons on the sidewalks in the business areas are expected to get inside buildings. All farm vehicles on public roads will be expected to come to a stop between the red alert and the all clear. Schools will be expected to carry out procedures which will place all students, faculty and employees under cover during the alert. All outdoor activities should be suspended.

A Cleansweep!

In behalf of the Lions Club of Mt. Joy I wish to Thank You People for the fine help and co-operation you extended to our Club toward our Broom Sale Saturday. We received 600 brooms from the Blind Association and by 3 P. M. Saturday they were all sold. It certainly shows what grand things can be done when the cause is a worthy one. I know those 150 blind people at the broom factory will be more than thankful when they learn of this grand deed. So until next year at this time when we undertake this project, I wish to gratefully Thank You. CHARLES L. ESHLEMAN Comm. Chairman

Clerk Carrier Test Open At Postoffice

Although Rural Mail Box Improvement Week is fast drawing to a close there is still time to do that paint or repair job on your mail box. The service you receive from your carrier depends on the condition of your mail box. If it is in poor shape, leaks or may be broken, this may cause mail to be received by you in a bad condition. A good rural mail box will keep your mail safe, dry, and in perfect condition. So why not take a few minutes to look over your mail box and then make what ever repairs are necessary. This can be done any time, even (From page 8)

Sportsmen To Hold Fish Contest

The monthly meeting of the Mount Joy Sportsmen's Association was held Monday evening in the Fire House with twelve members present. The Game Committees reported a total of 508 rabbits stocked. This includes the rabbits trapped, purchased, and furnished by the State. After some consideration it was decided to drop the Ground Hog contest due to the season extending over eleven months of the year. (Turn to Page 4)

This article is to inform all the service boys and girls, from this area, and the citizens of Mount Joy, that the Mount Joy Remembrance Committee has been dissolved.

It is very difficult to tell all you service people especially, that after all this time of trying to bring "home" closer to you, or helping you in some small way, that now the work must be discontinued. It is with deep regret that this was necessary. The Committee has tried in every way to keep functioning to become an organization in which everyone took part. The only hope of all those interested now, is that some local organization will organize a committee and continue its worthy cause. The balance of the Committee Fund will remain in the First National Bank and Trust Company for six months. If a committee is not re-organized by then the balance will be turned over to some Veterans Hospital.

The Post Office box 243 is paid until the end of the year 1953. All the letters from you will be printed in the Bulletin until then. The Remembrance Committee books are being audited and no more funds are being solicited. If any donations are received they will be returned to the donor.

The subscriptions to the Bulletin are paid up. The earliest expiration date of any is December 1953. The one and only record of names and addresses are at the Bulletin office. The only way for you (the servicemen) to be sure of the Bulletin having your correct address is to write to them as soon as you move. When you are discharged inform the Bulletin at once and your paper will continue at your home address until the subscription expires.

The past members of the Remembrance Committee sincerely hope they have "helped just a little" to make you all happy. Remembrance Committee
