

When your telephone rings
Reach for it
fast,
Pardner!

You're "shootin' square" with the person calling you when you answer your telephone as quickly as possible. If you don't answer soon enough you may miss an important call. You can play square, too, when you call by always waiting at least one minute—that's about 10 rings—before hanging up. That gives the person you are calling plenty of time to answer.

Delay In Move To Merge Mt. Joy Twp. To Joint Sch.

At a meeting held last Thursday night, plans to officially admit Mount Joy Twp. into the Donegal Joint High School failed because of at least two items of unfinished business regarding Mount Joy Twp.

The first was the township's inability to prepare a budget, since it has no high school and its students attend high schools in East Donegal Twp. and Mt. Joy borough. As a result the three boards will begin working together to ascertain the expenditures of Mount Joy Twp. in order that a budget can be drawn up in the near future.

The second item concerns whether the state will honor a full reimbursement to the Mt. Joy Twp. board on \$10,000 rental it has paid since a payment was missed about the first of the year.

Ahead of Schedule

The members of the authority also held a meeting at which they reported that the new high school building, expected to be ready for occupancy by September, 1954, is ahead of schedule and boilers have been placed in the boiler room.
