Gretna Playhouse Season Nears End
 Jack Gilchrist, stage manager at the Gretna Playhouse, is seen on stage only in minor roles but his work backstage is extremely important and necessary for the show to go on.

60-Mile Speed Is Allowed Only In Posted Zones
 Motorists with a "heavy foot" should remain within the 50-mile-per-hour speed limit even though they may have heard a law enacted by the 1953 Legislature authorizing the Secretary of Highways to establish 60-mile-an-hour speed zones, effective Sept. 1.

ter due investigation' to establish 60-mile an hour speed zones outside of business and residential districts where traffic conditions and other conditions of the highway make it safe to operate motor vehicles at such speeds.

LABOR DAY FESTIVAL

Don't Be Confused By Sewing Machines Says Expert
 By J. V. BINKLEY

In buying a sewing machine, be sure to learn what makes one kind better than another. The best way to find out is to sit down at a machine and sew. It's wise to test all the better sewing machines before deciding which one is best for you.

Ask for Free Demonstration
 I invite you to our shop to see for yourself—
 ★ Why PFAFF's full rotary action gives you advantages other machines can't talk about!
 ★ How efficiently PFAFF's exclusive Dial-A-Stitch works. (This is the built-in dial which eliminates costly, complicated gadgets and attachments. For example, you can monogram, applique, darn, embroider, sew on buttons and do so many other things all without attachments.)
 ★ Why PFAFF's fewer moving parts mean greater accuracy and longer wear.
 ★ How PFAFF permits use of the amazing Twin Needle—which enables you to do double stitching in one operation.

Be sure to come down to see us. We'd be happy to have you, and promise you that we'll answer all your questions courteously and honestly, with no high pressure!
 It carries a written lifetime guarantee. Parts and service are available nationally.

Boxcar Figures and Telephone Calls

 Boxcars are numbered for ease and accuracy in dispatching and routing. That number identifies a specific car wherever it is. Telephone numbers serve the same purpose... the only way to properly route your telephone calls is for you to call the correct number. Always check in your telephone directory for the correct number before calling. This helps us route your call accurately and far more quickly. Remember—look in the directory first—it's faster!
