Early Morning Fog Is Hazard

Early-morning fog shrouds highways in this area quite frequently during Autumn and the motorists should be on their guard against the obvious perils caused by lowered vision. The warning was issued by Edward P. Curran, Safety Di-

rector of Keystone Automobile Club, in an appeal to all drivers to exercise extra caution in order to keep down traffic accidents and injuries.

"Pedestrians," he said, "must be extremely cautious when walking along highways obscured by fog, because their presence can be noted by drivers only under the most exceptional circumstances."

"Those afoot can see the lights of approaching cars and should

govern their actions accordingly. They should realize that the lights are of little value to motorists in discerning objects on the highway. In fact the principal value of lights on vehicles in time of fog is to warn of the vehicles' approach.

"We cannot be too emphatic in urging motorists to drive slowly under adverse weather conditions. There are those who believe their familiarity with highways over which they trav-

el frequently gives them the right to drive fast in fog. Drivers in this class fail to take into account the possibility of disabled cars being parked along the highway. Another great danger is the absence of tail-lights on moving vehicles, or the confusion, leading to erratic driving, of operators unaccustomed to the road.

"Drivers of horse-drawn vehicles should not, under any circumstances, venture on fog-

found roads without lights on their vehicles. A motor car traveling at the most moderate speed will quickly overtake a horse-drawn vehicle unless there is adequate warning by means of lights, accident is almost inevitable."

Mount Joy Woman Repaid Full Amount In Roofing Swindle

Mrs. Lizzie Flowers, Mt. Joy R2, who was swindled out of \$2,313 by six men in a roofing racket this summer, has received full restitution on that amount.

The six men from Harrisburg and vicinity told Mrs. Flowers her roof needed repairs. Then they collected \$2,313 from her in payment of the work. There were 17 other victims from Lancaster City and County, who were cheated in the same way.

Car Dunked In Lake Occupants Escape Injury

Mrs. J. Willis Freed and Miss Stella Breneman, both of 19 W. Main street, had a strange accident on Friday afternoon. While parked about 100 feet from the Long Park Lake, Lancaster, one of them accidentally stepped on the starter pedal. The car, which was in gear, backed into the lake.

Carl Sinz, Litz, and Wentz Lombardo, Lancaster, who were working on the construction of the park comfort station, pulled them from the car. They both escaped with no apparent injuries.
