**Make Your New Year's  
Resolutions Now**

This is a statement by Mrs. Edith Davison, Home Economics Education, Pennsylvania Department of Public Instruction. Mrs. Davison is cooperating with the Department of Public Instruction with the Division of Farm and Home Safety in the department and with the Pennsylvania Rural Safety Council in a state-wide effort to make 1954 a bannersafety year.

"The two spirits go well together," declared the home economist. "The Christmas spirit is one of love for fellowmen and the safety spirit is one of love and respect for the lives of others, as well as our own."

**WHAT I WANT FOR CHRISTMAS**

"What do you want for Christmas?" I am asked most every year by my friends, and by my family when the Yuletide drawing near.

As a rule I simply tell them that most anything will do. But what I'd really like to have is what I'll tell to you.

I'd like to see the world at peace, instead of jealous greed; I'd like to see the poor and ill have everything they need; I'd like to have the rich folks feel the joy, that only comes by the conscious performance of a good deed they have done.

I'd like to see the Hospitals with nothing left to do; I'd like to have the "shut-ins" out beneath a sky of blue; I'd like to see folks happy, and the children have their fun; I'd like to have the love of all, the enmity of none.

These are the things I'd like to have, and, if it could come true, "T'would be the merriest Christmas that the world has ever knew. From the time the Angels caroled, on the night it all began, "Glory to God in the highest, Peace on earth, good will to man".
