Lunch will be served by the Youth Fellowship of the Salunga Church of the Brethren.

Sale managed by Harvey Rettew, Manheim, Pa.
Daniel Lehman Owner
Elmer Kauffman, Auctioneer Columbia, Pa. R. D. 1 2-3c

This is how your dimes and dollars are put to work battling polio by the National Foundation for Infantile Paralysis. In 1954, the dime will have even greater power as a new front is opened in the 16-year battle against polio with a program of Polio Prevention. This will include gamma globulin and trials of the test vaccine. This program alone will cost \$26,500,000. Give generously to the 1954 March of Dimes throughout the entire month of January.

Wagner To Address E. U. B. Congregation

The Youth Fellowship of St. Mark's Evangelical United Brethren Church will hold its monthly Youth Night this Sunday evening beginning at 5:30. The evening will begin with a supper prepared by the Commission of Recreation. Following this, The Commission on Worship and Devotional Life will lead in a devotional program.

The main feature of the program will be the showing of the religious film, "The High Wall." This film deals with the problems of race prejudice. A discussion period will follow the film, after which the Commission on Recreation will conduct the fellowship period. This program is part of the Youth Week celebration of the church. On the following Sunday, January 31, Members of the Youth Fellowship will participate in the morning service, and Clair Wagner, president, will deliver the message, in observance of Youth Sunday.

Students Visit Union National Bank

Monday afternoon, approximately sixty pupils of the local eighth grade accompanied by Charles Heaps, George Houck, John Lichty and Mrs. Margaret Williams, visited the Union National Mount Joy Bank. In addition to viewing the actual operations of the bank, a film, "Pay to the Order of", was shown.

Tuesday afternoon twenty-two pupils from Kraybill's Mennonite School, accompanied by Messrs. Sauder and Baer visited the bank.

They, too, were shown the actual bank operations and the film, "Pay to the Order of", as well as a second film entitled, "How Banks Serve".

The officers of the banks announced to both groups that 3 prizes will be awarded each school for the three best essays on "My Visit to the Union National Bank". The essays in both instances will be judged by faculty members of the respective schools.

Crippled Children Group Makes Report

(Annual Report, ending November 30, 1953, of the Executive Secretary of the Lancaster County Society for Crippled Children and Adults, Inc.)

Time marches on! The compiling of another annual report year in the continued progress of the Society is coming to an end and the beginning of a new year challenges us to continue steadfast in our goal for the handicapped "help them to help themselves."

It would be amiss if at this time I did not express my deep appreciation to the many individuals who made the growth of our Society possible — to the orthopedic surgeons, the physicians county wide, the hospitals and their clinics, sororities, clubs, organizations, Farm Women groups, Sunday school groups, city and county newspapers, radio and T.V. stations, Easter Seal volunteers, the host of friends of Crippled Children and to our own Board of Directors who stand ready at a minute's notice to help wherever help is needed.

I would like to make special mention of the staff who gave willingly of their time and energy beyond financial reimbursement. The report before shows you what a volume of work was done by a small staff, who are backed by thousands of interested citizens of Lancaster county.

On comparing the past year's work, we see that all phases of the program show an increase in service over that of the prior year. The biggest increases are noted in the number of visits made to the Treatment Center which increased 45 percent, and the number of volunteer hours given which increased 32 per cent. I think Lancaster County volunteers, because of the outstanding type of volunteer service given, have been instrumental in creating a program in Lancaster County and State wide in which volunteers are given specific recognition through radio, T. V., newspapers, and publications. The Community Chest have been honoring volunteers on radio weekly and the Pennsylvania Society for Crippled Children and Adults state wide in their publication, "The Pennsylvania Handicapped."

Yes, "Time marches on" and it is with the combined coordinated efforts of all that we show progress.

The many different types of diagnosis of the patients remain about the same except for an increase in poliomyelitis, cerebral palsy, multiple sclerosis and muscular dystrophy patients cared for.

The Corrective Swimming Class had more children registered last year. Mrs. Shortzer has again given us very faithful service. We strive to make them use muscles which need exercise. The income as well as the expenses of the Society have increased. All money raised by Easter Seal Sales is used in the current year. Therefore, because of the increase in the Easter Seal contributions in 1953, the Society did not have to request the full amount of the allocation set up for it through the Community Chest.

Through the staff of the Community Chest, a Red Feather Agency, the staff of the Pennsylvania Society for Crippled Children and Adults, and the Easter Seal Agency, come invaluable services that is not shown in expense to your Society. They give service, in ways too numerous to mention, all through the year. We hope that the type of service which the Society gives perhaps helps nationally, statewide and locally to repay in other than actual money for their untiring efforts in trying to improve the work for the handicapped.

The high type of service to the county is possible because of the excellent services available. You not only have available your two local orthopedic surgeons, Dr. P. David Nutter and Dr. Marvin C. Goodman, but you have Dr. Tom Outland, orthopedic surgeon and his staff at the State Hospital for Crippled Children, the pediatricians, Dr. David B. Cousins and Dr. C. H. Kurtz, who give their service free at the local orthopedic clinics and also attend the clinics at the State Hospital.

The State Clinic service report is not shown in the local clinic report. The State Hospital clinics and the State Nurses cooperate in seeing that there is not an overlapping of service but a coordinated effort made to see that no crippled child is left without care.

Our transportation service needs special mention too. The Shriners give county wide service to the handicapped who cannot provide transportation for themselves. Rotarians, members of sororities and individuals joined in this highly needed service.

The staff traveled 37,400 miles during the year. Members of the Board of Directors and members of the staff have given talks, interviews, radio and T.V. appearances and shown films helping to promote the work of the handicapped.

It is with pleasure we announce an important addition to our staff, an occupational therapist, Miss Joanne Haines. In the few short weeks she has been here, her work has proven that any crippled children's program is not complete without this service.

During the year we have lost the services of our efficient secretary, Mrs. Brown, and have replaced her with an equally efficient secretary, Miss Patricia Connor.

It is with regret that we announce the resignation of Miss Anne Groff. She has given us very cheerful and faithful service for over three years and we are all sorry to lose her. Our best wishes go with her in her new work.

"Time marches on" and it is with the combined coordinated efforts of all that we show progress.
