**NOTICE!**

In order to collect damages on our Poultry Ranges caused by dogs or other predatory animals, we have to notify the proper State authority. This same authority will then check the immediate neighborhood for stray dogs and other dogs with which they come in contact. This notice is given so that you will not be embarrassed in case the authorities check the neighborhood for unlicensed dogs.

**Endorses Postal Pay Increase**

"Acting Postmaster Elmer L. Zerphrey, Mount Joy, today endorsed the postal pay increase and incentive plan recommended to the House Post Office and Civil Service Committee on February 16 by Postmaster General Arthur E. Summerfield.

"This plan," Mr. Zerphrey said, "provides equal pay for equal work. It opens the door of opportunity to postal employees who merit promotions based on improved performance. It should help attract good people to the Postal Service. The public should benefit by better mail service. In my judgment, it is money well spent.

"While fourth-class postmasters and rural carriers are not included in this plan, their jobs, I understand, are to be studied later.

"The principal features of the proposed plan, according to Mr. Zerphrey, are:

"1. Clerks and carriers would be paid \$210 more a year as a starting salary; and their maximum rates increased by \$100 or about 5 cents an hour.

"2. The time needed by most employees to advance from the minimum to the maximum salary rate for their job would be reduced in most cases by two years.

"3. More adequate pay differentials are provided for employees with higher skills, supervisors and managerial personnel who, at present, have slight incentive to rise above routine work levels.

"4. The salary of no individual employee will be decreased as a result of the application of this new plan.

"5. Supervisors, who at present have single rates for their jobs, would be given the opportunity to progress within a rate range.

"When the pay and incentive plan was presented to the congressional committee a series of charts were used. These showed:

"The earnings of regular clerks and letter carriers, now averaging \$1.96 per hour for a 40-hour week wage of \$78.26 have increased more since 1939 than the cost-of-living index.

"Regular postal clerks and letter carriers whose earnings average \$78.26 weekly earn substantially more than do the teachers and principals of all elementary and secondary schools in the country, on the average.

"Non-supervisory postal employees now average \$72.69 for a 40-hour week at \$1.82 per hour. On a comparable basis they are better paid than the average of production workers in manufacturing industries up to and including lead foremen, and including overtime pay. Postal employees receive full pay for 13, 20 or 26 working days' annual leave, dependent on length of service, plus 13 working days' sick leave per year.

"Regular postal clerks and letter carriers—currently averaging \$1.96 an hour for a 40-hour week, are paid slightly more than the combined average of city firemen or city policemen of three major cities—New York, Chicago and Philadelphia."

**GIRLS ATTEND PLAYDAY**

The girls of Marietta, East Donegal, and Mount Joy schools met at Mount Joy High School Saturday, February 27, to play basketball. The twelve teams, composed of girls from each school, each played two games of 15 minutes from 9 to 12. The girls ate lunch at 12 and Mount Joy supplied chocolate milk.

The idea of the Playday was to get the girls of the schools better acquainted with each other.
