By the makers of the Perfect Sleeper® Mattress.

Medical science helped SERTA develop this sensational smooth-top "SERTAPEDIC" MATTRESS that FEELS better and IS BETTER for you!

THESE X-RAYS TELL THE INSIDE STORY OF "SERTAPEDIC" SUPPORT AND COMFORT

RIGHT WAY
Spine given level, "head-to-toe" support on this extra-firm SERTA MATTRESS and Box Spring permits restful sleep, helps protect posture. Due to SERTA's pat'd "UNIMATIC" Innerspring construction, built to specifications judged important by leading doctors.

WRONG WAY
Ordinary soft, unscientifically-designed mattress permits spine to sag and twist. Often results in muscle strain, back discomfort and threatens good posture. "Form-fitting" construction clings to body, causing overheating, restless, uncomfortable sleep.

SOOTHING SERTA SMOOTH SLEEPING SURFACE ANOTHER COMFORT FIRST!

Satin-smooth top and bottom. No buttons or bumps to annoy, no tufts to pull out. Fully upholstered and insulated to add to your healthful comfort.
