What Would \$2,000 Do For This Building?

NEW BOY SCOUT BUILDING - This is the new Boy Scout building of Mount Joy. It is located on the southwest corner of the intersection of two alleys between South Market and Poplar Streets. The building was given to the Boy Scouts by Roy Greider. Present plans designed by Boy Scout adult committee include renovations for the building.

The troop committee headed by Clyde Gerberich, Jr., announced that a solicitation of funds will begin this week among the industries, business and professional men. The goal is \$2,000 Each day a record of progress will be listed in The Bulletin window.

Sico To Build Tower On Summit Of Governor Dick

The Sico Company, with Clarence Schock as president, is preparing to build at the summit of "Governor Dick." Mount Gretna. Pa., a monolithic, reinforced concrete observation tower, 15 feet in diameter and 66 feet high. This tower will be built on the 1105 acres of land surrounding the promontory known as "Governor Dick," which was given by Clarence Schock and his wife, Evetta J. Schock, to the school district of the borough of Mount Joy, by deed dated Aug. 27, 1953. This deed specified that the 1105 acres shall be used as a school playground and public park and forest forever and may be used by said school district for any purpose which is consisted with the laws of the Commonwealth

History Unfolds In Renovations

"History is unfolded." As workmen are preparing the Mount Joy Elementary School for scrapping they are discovering items of historical significance. In the two rooms in the front of the building which were in the original portion, they discovered that blackboards had been placed on top of the original blackboards.

The original blackboards are of soft slate construction and are fastened into the plaster. Upon removing the second board, the men discovered that lessons were still on the boards in chalk. A spelling lesson by Ruth Groff was on one board and along the one side, corrected arithmetic problems and names of the students were Estella Metzler, Harry Curgan, Daniel Schroll, Sadie Murray, Ruth H. Brown and 1898. Several reading problems, music and a colored chalk border also exist,
