Milk Provides Good Buy And Nutrition

To skip on milk in order to cut family food cost is poor economy, according to Louise Hamilton, extension nutritionist of The Pennsylvania State University.

For calcium alone, milk is a good buy. Without milk, meals can hardly provide calcium

Retail Price on Midwest Baler Twine

needs. Milk is also a good buy for its high-quality protein, B-vitamins, and other vitamins and minerals.

Smart shopping, though, can show savings on milk purchases. Compare prices. Milk of the same quality from different companies sometimes varies in price. Check with the company to see if discounts are offered for large home deliveries.

Prices differ on cash-and-carry and home-delivery. By carrying milk from the store, one to three cents a quart may be saved. Price large containers. In some places milk sells for less in two quart or gallon containers than in quart or pint.

THE REASON

When an old rabbi was asked why God made only two people, Adam and Eve, he replied: "So that nobody can say 'I came from better stock than you do.'"

Farm Calendar

Cultivate Carefully — Cultivation is the best weed control in the garden, believes James Dutt, Penn State extension vegetable specialist, but he says to use judgment. While it is desirable to keep the surface soil loose, little is gained by hoeing or cultivating oftener than necessary to control the weeds.

Pave Barnyards — Farmers are enthusiastic about their paved barnyards or feedlots, according to Charles Burress, Penn. State extension agricultural engineer. A paved surface saves time and work every time the yard is cleaned. Cattle stay healthier, make better gains, stay cleaner, and track less dirt into the barn.

Barbecue Chicken — To help in planning a chicken barbecue for any sized group of people, the Penna. State Poultry Federation asked Paul Margolf and Carl Dossin, poultry specialists of the Pennsylvania State University, to write a leaflet giving specific directions. You can get this leaflet from your county agent.

Control Fires — Almost all farm fires can be prevented but Joseph McCurdy, Penn State extension agricultural engineer says that farmers, often far removed from organized fire protection, must look to their own defenses to control and hold a fire in check when it occurs.

Show and Sell Sheep — The Keystone Stud Ram and Ewe Show and Sale will be held in the Farm Show Building, Harrisburg, June 18-19. Eight different breeds—Cheviot, Corriedale, Dorset, Hampshire, Montadale, Shropshire, Southdown, and Suffolk, will be consigned.

Dairymen Meet — The American Dairy Science Association will have its 49th annual meeting on the campus of the Pennsylvania State University June 22 to 24.

State Poultrymen Select Delegates

Men to represent Pennsylvania's multi-million dollar poultry industry with regional and national organizations were elected at sessions of the Penna. State Poultry Federation recently at The Penna. State University.

George Anthony, Strassstown former Federation president, was named delegate to the American Poultry Hatchery Federation, with Warren Burr, of Tunkhannock, as alternate.

Ralph Minnich, Harrisburg, is delegate to the North Eastern Poultry Products Conference (NEPPCO) which meets in Harrisburg this fall. Harry Metz, Belleville, was named alternate.

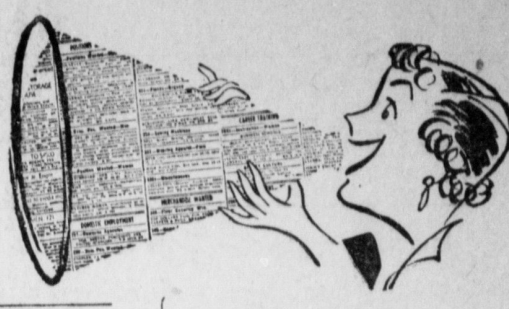

T. E. Moncreif, Hanover, was elected new Federation president to succeed Wilbur J. Barger, Doylestown, and Jack Miller, Hanover, was named full-time managing director of the organization.

HOME DANGEROUS

You may not think of your home as a booby trap—but accident statistics prove that hazards lurk in every nook and cranny of the house.
