Two cub packs were organized at the second meeting of interested parents of cub-age children Tuesday night in the grade school. A series of three classes are being conducted to organize packs by neighborhoods. The two packs organized are in the vicinity of N. Market Street to Birchland Ave. and New Haven and Marietta Sts. To date, no parents from the eastern section of town have shown any interest in getting Cubs started in that section.

The two new cub mothers are Mrs. Ruth Brandt and Mrs. Myrtle Normhold. The two new cub fathers are Charles Heaps and Charles Etsell.

The last meeting of the series will be held next Tuesday evening at which time it is hoped that more packs may be organized. This can only be possible if parents from the various sections of the town attend.

Children Start Three Fires In Two Days

Mount Joy Friendship Fire Company No. 1 answered four fire calls Saturday and Sunday of which three were started by children playing with matches.

The first call came Saturday noon at the same time the weekly siren is tested. Two small chicken houses to the rear of the Harvey Engle property were ruined by a fire started with small children playing with matches. The buildings were not being used to house chickens at the present time. Firemen extinguished the fire and were able to save buildings adjoining the houses.

Saturday's second call came at 10:30 p. m. when the men were called to extinguish a fire of unknown origin at the Harvey Sumpman farm, northwest of the borough. No damage resulted from the blaze.

Sunday's first fire occurred at 4:45 p. m. when firemen answered a call for a fire in a grass field on South Barbara St. The second came at 6:30 p. m. when another patch of grass along the railroad tracks near Mount Joy Street was set afire. Both were started by children playing with matches.

In addition, two clinics by famous professionals will be staged. Mercer Beasley, president of the Professional Lawn Tennis Association and his side-kick Mike Blanchard will perform their famous clinic and Charles and Mary Hare will put on an exhibition the following day. Harry Fogleman, former Duke and Florida coach, will be the official referee.

Vernon gained the right to represent Mount Joy in the national tournament by first winning the locally-sponsored JayCee tennis tournament. From Mount Joy, he entered the state contest in Philadelphia in June. He was runner-up in the boys' division (up to fifteen years of age). Both the winner, Gregory Topin, and Vernon will represent Pennsylvania in the first national contest.

Scout Building Total Increased

The total in the drive for contributions for the renovation of the Boy Scout building has increased to \$580.00 as of this week.

At a meeting of the troop committee held Tuesday evening, the group decided to stage a house-to-house canvass Monday evening, August 23. For the drive, Boy Scouts and troop committee members will solicit from the borough citizens.

The group also announced that they would appreciate receiving offers of labor and talent. In other words, in addition to funds needed, tradesmen for carpenter work, brick work, wiring, cementing and painting will be needed as well as assistants for the various jobs.

To date, several offers of time and talent have already been made. In addition to both the suggested donations, several businesses have offered to install free equipment of various types.

Area Farmers Are Invited To Tour

All Lancaster County farmers are invited to take a "soil Erosion tour" of the northern portion of the county Friday, July 30. The purpose of the tour is to inspect farms in the section which have adopted the soil-saving program under the supervision of the agricultural extension service.

Interested farmers and land owners are asked to meet at the Lancaster County Farm Diner at 9:00 a. m. From there the group will proceed to the farm owned by Walter Shenk, Elizabethtown R3; Raymond Meyers, Elizabethtown R3; Roy Hess, Elizabethtown R3; Meno Shelly, Manheim R2; Reuben Nissley, Elizabethtown R3; Daniel Haldeman, Manheim R4; Jacob Bruckhart, Jr., Lititz R2 and Earl Meyers, Lititz R2.

A picnic lunch will be served at noon at the Penryn Picnic Grove, Penryn. Frank Bamer, Pennsylvania State University, will be with the group during the day to lend a discussion on the recommended soil saving practices.

Water Line Breaks On North Barbara St.

Residents in approximately one square in the vicinity of North Barbara St. were without water for 4½ hours Monday. A break in the new 8-inch water main at the intersection of North Barbara and Park Avenue caused the stoppage.

The event occurred at 11:30 a. m. because a cap on a "T" connection broke. This "T" will eventually connect Park Ave. with the main. The repairs were completed by 4:00 p. m.

Since the water repairs are being completed in the borough and there are now two mains, the water supply for the rest of the town was not disturbed. The water was sent via the other main line into town.
