Society for Crippled Children Joy store was announced this served to the members at the and Adults, a Red Feather Serweek by G. C. Murphy Co. vice the School District of Lancaster Township, the County School Office, and the State Hospital for Crippled Children at Elizabethtown.

The children were all busy using and playing with the specially designed equipment in the kindergarten when Pete and Peg arrived. David was standing erect in a "stabilizer" but later was removed from it and placed in the standing table with three other little boys. The standing table is a large square table with four cut-out partitions where children are supported while they play together with the bean bag and blocks.

Pete and Peg helped one of the girls from her wheel-chair so that she could practice walking between parallel bars. She was assisted in walking by Con-
