Local Scouts Receive Day Camp Equipment

For the first time this year some of the profits realized from the Lancaster County Scout cookie sale reverted back to the individual neighborhood day camps. Formerly, the money was used entirely to support the county camp, Furnace Hills.

This year, each neighborhood which maintains a day camp was asked to submit a list of items needed at their camp. After the necessary money was used for the county camps, the remainder was divided among the county day camps.

The Mount Joy-Florin Day Camp asked for and received 2 hatchets, a covered garbage pail used for sterilization of dishes and silverware and three covered milk or water pails.

Spectator or Participant?

Three simple words—"Let us pray"—are the cue to the service you take part in when you go to an Episcopal Church.

The Episcopal service is called a corporate service—that is, we all take part in it. Thus, when the minister says, "Let us pray," it is a common effort. The prayers he uses are almost all printed in the Book of Common Prayer. We don't think it's any more unusual to pray out of a book than to sing out of a book. You see, we do it together.

That's one of the things we believe you'd enjoy about being an Episcopalian—the feeling that you're part of things. In the primitive church, in fact, clear back in Old Testament times, the main part of the religious service was praise and worship of God and earnest prayer for his aid and forgiveness.

The sermon—or instruction part of the service was secondary. In many churches today, however, the service is centered around the sermon. The congregation sits back to listen or to be spectators, rather than being actual participants in the service.

In the Episcopal Church, we join together in the worship and praise of God. You are invited to join us—today—in the active worship of God at the Episcopal Church near you.
