## Good Things Happen, Too

All too often the gloomy and tragic news rates a banner headline. To correct this situation Changing Times, the Kiplinger Magazine, has assembled some statistics that reflect the sunny side of life in the United States. There are 162,922,000 Americans who are not members of the Communist Party.

Some 37,011,460 couples will stay more or less happily married during the year.

On the average, there are 63,868,000 people working to bring home the bacon.

Last year, the scheduled airlines safely carried passengers 18,902,134,841 miles in the U. S. and possessions; railroads safely carried passengers 31,674,931,200 miles.

Some 162,717,890 persons will not die of cancer in 1955.

And 162,380,580 persons will be safe from fatal heart attacks. About 629,000,000 acres of forest land will not be set on fire by careless smokers and picnic-goers this year.

Most of the time, 15,720,000 organized workers are not on strike.

Of the 18,977,472 little boys in the country who are under the age of 10, only six or possibly seven will have to go thru the terrible ordeal of being the President of the United States. At least 162,944,424 people have not been frightened by seeing flying saucers hurtle through the air.

The Internal Revenue Service will find that 43,846,154 income tax returns are filed correctly in 1955.

Finally, there are 83 countries in the world that have not discovered the secret of the hydrogen bomb.

## Safe Shaft Cleaner

When grass or weed stems bind tightly around revolving shafts or axles of farm equipment, it's a vexing and sometimes dangerous job to dig them loose. But here's a safe shaft-cleaner; a steel quarter or half-inch rod, with an 8 or 10-inch handle, and a sharp hook on one end. With it you can break the stems and clean the shaft without danger of losing a finger or hand—even if you've been careless enough to leave the shaft in motion. One farmer made several, one for each implement where wrapped shafts was a problem.
