

OWL LAFFS

BY A WISE OWL

Come on you guys, don't be afraid to ask your boss for a raise in pay. These days it's a patriotic duty, the government needs that additional tax on your salary.

My advice to you, said a local doctor, "is to give up drinking and smoking, go to bed early, get up early, and stay away from women. Those are the best rules for better living."

"But doctor," protested the patient, "I don't deserve the best. 'What's the next best?'"

Here's another poem sent us: Men will work for years and years

To get a little pile,
So that they may buy a house
And live in proper style,
But when they attain their home,
And they have made their bit,
They seem to think the thing to do
Is stay away from it.

Did you hear about the local restaurant that is going to use midget waiters so the steak will look bigger?

Jim Berrier tells the story about the time he got up at 3 o'clock in the morning and started to milk his cow while she was still asleep. The cow woke up, recognized Jim and said "Thank God it's you . . . I thought I was being robbed."

Philosopher Enck says "A clear conscience is merely the result of a bad memory."

Here's one you'll like—
Once upon a time three hermits lived in a cave and spent all day staring at the walls, never speaking. One day a horse ran past the cave entrance. Six months later, one hermit mumbled, "That was a fine brown horse."
Two years after that another hermit said, "That wasn't a brown horse; it was white."
About a year later, the third hermit got up and stalked to

ward the entrance, exclaiming, "If there's going to be this constant bickering, I'm leaving."

A High Street woman asked her husband: "Will you stop drinking for me?"
Husband: "Who said I was drinking for you?"

"Dyke" Garber was telling the fellows at the fire house that "Money talks, but it can't be held long enough to start a conversation."

A Lancaster Judge granted a local woman a divorce and said "I'm going to give you \$35 a week."

Her husband exclaimed: "That's mighty nice of you judge, and I'll try to slip her a buck now and then myself."

The only thing more dangerous than keeping a woman waiting is keeping a woman.

The other day when I asked "Mushy" Good how old he was, he told me he just can't say, but he remembers when the Big Dipper was only a drinking cup.

Dad: "Son, every time you misbehave I get a gray hair."
Son: "Gee, pop, you must've been a wild one, grandpa's bald."

Down at Geibe's gas station the other evening one of the fellows asked "Hunce" Schatz what he would suggest as a career for him, he said he'd like to get his hands into a little bit of everything."
"Hunce": "Then why don't you become a garbage man?"

It is diverting to note how often people who offer good advice would benefit if you took it.

Letters To The Editor

To the Editor:
After what I saw at the Old-Timers second annual basketball game on Tuesday evening I am prompted to write this open letter.

I am sure I am not only expressing my own views but also the views of other fans. This is it:

1. The Donegal team did not use their regular jackets.
2. Coach DePoe did not coach the team.
3. The Donegal five was called the Hiestand five.
4. That the Donegal cheerleaders who have done a great job all year were refused to cheer their team to victory.

I was told it was contrary to the rules to reverse the items I just mentioned. It must be a new rule as it was unheard of last year, as the Mt. Joy High School-Alumni game went off without a hitch. I understand the P.I.A.A. are responsible for the change.

You who have followed the Mt. Joy High School ball teams in the P.I.A.A. play-offs know that the officials were not of the best, one good and one bad each game. Also they would not listen to reason and ran us all over the state, because Mt. Joy and Donegal had a following. I don't believe any other school could equal and as for loyalty I know of no fans that were more loyal, and I have been around a while.

Not to forget the Fountain Hill game and in my experience in sports I always used the officials as a last resort to justify the defeat. And if I am informed correctly the P.I.A.A. doesn't have anything to do with our county league or play-offs so let's go along with that and forget the P.I.A.A. I believe I am expressing the views of some of the fans when I say lets withdraw from the P. I. A. A.

I think the whole thing was silly. What harm could be done. The Alumni consisted of boys who graduated in '53 and '54 and Alumni games have been played since time immemorial and this is the first time we were restricted.

We shout about home rule there is very little where the P.I.A.A. is concerned. And not only as fans but as tax payers we should have a little consideration in what is going on.

As president of the Mount Joy Old Timers this letter has no connection whatsoever with them, but I want to say in closing that the Old Timers as well as other organizations in the town have done a swell job in rewarding the boys for the credit they have brought to our town and in it they have given the town plenty of good advertising.

The past five years Mount Joy High School, and now Donegal, have established a record to be proud of, and we as in the past will do the same for Donegal. One more item of interest. This concerns the Old Timers. We collected \$123 at the game, and in this letter if I may, I want to thank you all who came out to the game and all who contributed as a patron or any other way to help us put across the greatest banquet we have held yet. Sincerely yours,
