"No, teacher," explained the lad. "I'm just soakin' a prune to eat at recess."

Frank and George stood laughing on the street corner, when Willie came along and asked what was so funny.

"Well," Frank said, "I went into that bar and ordered a drink. When I finished and the bartender asked for my money, I told him I had already paid him, and the dope believed me."

"Yeah," George said "Frank told me, and I went in and did the same thing."

Willie immediately walked in, sat down, and asked for a high-ball. When the bartender brought the order and said, "You know, in the last twenty minutes, two guys have come in here and—"

"Cut the gab" Willie interrupted with, "and give me my change."

Jaycees Make Plans For Teen Age Road-e-o

Plans to conduct a second annual Teen-Age Driving Road-e-o were made by the Mount Joy Junior Chamber of Commerce.

The Road-e-o will consist of a written examination and a skill test involving driving through prescribed exercises such as parking, smooth stopping, driving between large drums and small rubber balls.

The local winner in this national Jaycee contest will be eligible to compete in the state Road-e-o Saturday, June 11, in Johnstown. State winners than compete for \$3,000 in scholarships in a national contest July 25-29 in Washington, D. C.

O. K. Snyder, president of the local JayCee group, announced that a committee has been organized under the general chairmanship of William Gassman to carry out the various aspects of the program.

The contest is open to all teenagers between the ages of 16 and 20. A contestant must not have reached his twentieth birthday by the last day of the national contest, July 29. The contest will be held on the parking lot to the rear of the Donegal High School. Both Donegal High School students and any other teenager from the area which is covered by the school are eligible to compete. A license or learners permit is required and the student must not have been involved in a "moving" traffic violation within the last six months. Applications may be secured by the Donegal High School, at the Bulletin office or the Marietta Times office.

The local contest will be held Saturday, April 23. Marshall Gemberling, driver education teacher at the school, has offered his cooperation on the project.

Last year was the first year that the Mount Joy group offered the contest. John Heisey, now a senior at Donegal High, won the local contest and placed sixth in the state contest at Pittsburgh.

Divided Saw Horses
A PAIR of saw horses like the ones illustrated will end saving woes in the home workshop. Designed by a man from South Dakota and described in *Family Handyman*, the horses lend ample support even to large panels.

Each has an open center, through which either a hand or power saw may go. The stock is laid along the top and cuts are made through at points where the saw can fit into the slots. For ripping, the open center gives ample, full-length support for both halves of the material.

When panels are unsupported during the cutting, as in using ordinary saw horses, sometimes they will have jagged ends caused by the material's breaking under its own weight.
