It Takes Two (Buckets) To Make A Mambo Table!

Here's a smart do-it-yourself trick that results in an end table for your living room, a convenient table for your playroom or an eye-catcher for your porch. You need two empty "all" buckets, one 22" length of threaded curtain rod, 16 large cup hooks, 16 1 inch square blocks, several yards of laundry cord and a 14" round plywood top. And, here are the steps: 1) Make 16 small holes around the bottom of each bucket; secure cup hook with wood blocks; insert curtain rod through the centers of the buckets, bolting each end; paint any color. 2) Stretch laundry cord criss-cross on hooks and cover plywood top with Con-Tact, self-adhesive plastic; secure top either with plastic glue or right angle braces.

Dressings For Salads

By JANE ASHLEY

Spring and summer brings us a wide variety of fresh fruit to use in attractive salad combinations. And here are two excellent dressing recipes to serve with your fruit salads.

Celery Seed Dressing
1 teaspoon salt
1 teaspoon dry mustard
1 teaspoon paprika
1 teaspoon celery seed
½ cup Karo Syrup, Red Label

Place all ingredients in a small bowl. Beat with rotary beater until well blended and thickened. Place in covered container. Chill several hours. Shake before serving. Makes about 1½ cups.

Banana Cream Dressing
½ cup dark corn syrup
1 cup heavy cream, whipped
2 tablespoons lemon juice
2 bananas, sliced

Add corn syrup gradually to whipped cream, stirring gently until well blended. Just before serving, sprinkle lemon juice over sliced bananas. Fold into whipped cream, corn syrup mixture. Serve as a salad dressing for fruit gelatin or fresh fruit salads. Makes about 3 cups.

For summer protection keep it full

When tanks are left empty or half-empty through the long summer months, trouble can develop. Condensation takes place, rust particles can clog burner nozzles.

Don't take any chances. Let us fill your tank—RIGHT NOW—and we'll fill it with Atlantic's famous triple-refined heating oil. It contains a new additive that helps keep down formation of sludge.
