What do Tractors and Telephones have in common?

Tractors and telephones both help to make the farmer's work easier... more efficient. The telephone is one of the handiest time and labor savers the farmer can use. Today farmers buy, sell, and get farm market reports by telephone. And in her social life the farmer's wife benefits from her telephone too. Yes, telephone service is vital to today's farmer. We realize its importance and are working constantly to increase the value and usefulness of telephone service to the farmer.

No Deal in Town Can Give You More Car for Your Money!

THERE'S only one sensible way to judge your best automobile buy—and that's to measure *how much car you get for your money!*

On every important point of motor car value, the 1955 Pontiac stands head and shoulders above any car in its class.

For example, a Pontiac with four-barrel 200-h.p.* Strato-Streak V-8 is priced hundreds of dollars lower than any other car equalling its power!

*Take the vital matter of wheelbase—so important to ride, comfort and stability—and you'll find Pontiac outmeasures any car anywhere near its price and many that

are tagged at hundreds of dollars more. And here's a car so distinctively beautiful it's bound to stay in style for a long time to come.

Certainly all this adds up to a wonderful buy—especially when Pontiac prices fit so easily into any new-car budget. That's why Pontiac sales are at an all-time high!

This same record sales volume permits us to make trade-in allowances that can equal or beat any deal in town! So before you buy any car at any price—before you consider any deal on any car—remember this: When you deal with us for a big,

powerful Pontiac, you start with a car that represents an unmatched value—and in addition you save still further from the most liberal trade-in policy in our history.

Come in and let us prove that our Pontiac deal is the best deal you can make!

*Optional at low extra cost.
