

OWL LAFFS

BY A WISE OWL

Some time ago we told you about women wanting their own sex's faces on United States paper money. It might be a good idea at that. With Marilyn Monroe's picture on the bills it wouldn't be so hard kissing your money goodbye.

You never can tell what the mail will bring. For example, here's one our want ad department received this week:

"Young woman who gets paid on Monday and is broke by Wednesday would like to exchange small loans with someone who gets paid on Wednesday and is broke by Monday.

Bigler Mumma was telling several fellows up at Chet's that a golfer usually finds that the most difficult lies to get out of are those found at the 19th hole.

Omar Groff says: "Never ask a man raised on a chicken farm if he was once a happy, bare-foot boy."

"The law gives a man the right to open his wife's mail—but not the courage."

Before marriage he gives her a ring to boast about; afterwards he leaves one around the bathtub for her to fuss about.

Firemen Show Magnesium Fire Fighting

Firemen from thirteen companies participated in a magnesium fire fighting demonstration Sunday afternoon at the grounds formerly occupied by the old Mount Joy School, on Marietta Avenue.

The men fought the magnesium fire with both high pressure fog and low pressure fog. According to Ray Myers, there is no known extinguisher for magnesium except sand. Therefore, the men learned which is the best way to fight the magnesium in order to cool it. After it has cooled, it burns out.

After Sunday's demonstration the men discovered that the low pressure fog is the more effective.

Fire trucks from Mount Joy, Florin, Elizabethtown, Marietta and Landisville were on hand for the affair plus firemen from Rheems, Mastersonville, Maytown and the Columbia Companies. The demonstration was sponsored by Zone 7 firemen.
