Seniors Offered Scholarship Plan At Donegal High

Donegal High School senior students are being offered an opportunity to compete in the General Motors National Scholarship Plan, according to W. I. Beahm, principal.

The plan, initiated early in 1955, provides for 100 four year scholarships, at least one in every state and 50 at large, at any college or university of the successful contestant's choice and in any field of study he may select.

Registration for the second year of the plan is under way now. Eligible to participate are high school seniors, both boys and girls, who are United States citizens, and who plan to take the College Entrance Board examination for admission to a school of their choice or who arrange to take the examination in order to enter the competition for a General Motors scholarship award.

Selection of award winners in the General Motors plan will be the responsibility of a group of leading educators representing various parts of the country.

Full details about the General Motors plan, including registration dates for the examinations are available to interested students from Mr. Beahm's office.

How to Make a Bathtub Shine... Fast

Ever try cleaning your bathtub with chlorine bleach? It works like a charm... bathtub ring, stains and dinginess simply vanish. And now that chlorine bleach is available in a new dry form that can be sprinkled on, it's certainly an easy matter to keep any bathtub white and gleaming.

This new chlorine bleach is in tiny granules. It is also fortified with added ingredients that boost its cleaning action. The bleach comes in a jar with a special sprinkle-pour top and is lighter than bulky liquid bleach, and easier to use. Also, it's safe... if the dry bleach gets spilled on the floor or your dress, no damage is done. Just brush up the granules.

Apply the new dry bleach this way: Sprinkle it sparingly on the wet surface of the tub. Spread lightly with a damp cloth or paper towel. Rinse well and wipe off... and your tub is white, shining clean.

This sprinkle treatment works with equally cheering results on porcelain wash basins. To wash tile or linoleum bathroom floor, add the bleach to your mop water, 1/4 cup to 2 gallons of warm water. Mop and rinse as usual.

For the toilet bowl, first flush, then sprinkle lightly on the wet surface, scrub with brush and flush the toilet again. (Do not use with other household chemicals, however.)

This Is Muscular Dystrophy Month

In County

The Muscular Dystrophy Campaign was officially started in Lancaster County Tuesday, November 1. The drive is being conducted as a part of a nation-wide appeal for contributions in the fight on crippling and fatal Muscular Dystrophy. During the month of November, the Lancaster County Chapter, Muscular Dystrophy Associations of America, Inc., will conduct a fund raising drive to finance the Muscular Dystrophy Clinic at the Lancaster General Hospital and to intensify research into the mysteries of the disease.

Samuel M. Altoeffer, general chairman, announced that more than 2,000 canisters have been placed in stores and public buildings throughout the city and county. The canisters will bear the likeness of Jolene Kay Lake of Seattle, 3½ year old victim of Muscular Dystrophy and MDAA 1955 poster child.
