Action

(From page 1) sented in this race is solidly behind their favorite and no "set" or "crowd" that values its reputation for "doing things" is going to stand by and let another ride away in the most desirable prize when a little concerted effort on the part of themselves and friends might change the picture and swing the prize Chevrolet to where they think it really belongs.

What A Difference For this reason and for the reason that the difference between the grand capital prize of this contest and secondary awards is a matter of \$1,700.00 (quite a tidy sum in itself) not to mention the desirability of this new latest model Chevrolet a lively struggle among present leaders may be expected to acquire top honors. Contest department will remain open this Saturday night until all contestants have reported in full—after which time subscriptions received will be subject to the lesser second period schedule of votes. Remember, IT IS THIS WEEK'S WORK THAT COUNTS!
