stands 5.10 ft., and weighs 72 lbs. He played fullback in every game but one, when he was injured and also played in several games last year. He is a graduate of the local high school and F. & M. Academy. He is also a graduate of State College where he was a member of the scrub team, his youth keeping him off the big team. Bennett is a good, hard and consistent player, a fine and sure tackler, an excellent round gainer and always the starting point of all the forward passes. He is also very popular among the fans.

JOHN L. SCHROLL
"Booty", as he is best known among his friends was born here 18 years ago and is the giant on the team. He stands 5.11 ft. and weighs 155 lbs. Last year he played the reserves but has been a member of this team all season. He played a guard and his best test was when he withstood the fire from the heavy artillery during the entire St. Joseph's game.

RALPH KRAMER
"Battleship", a title this young man acquired after his return from the Navy, is 17 years old, weighs 145 lbs. and stands 5.6 ft. He has been playing the past two years, as full and halfback and is about the best line singer on the team.

REUBEN BENNETT
"Rube" Bennett is a resi-

weighs 140 lbs., and stands 5.7 ft. Last year he played as tackle but this year he has been playing as end and it is needless to say that he has made good.

FRANK GANTZ
"Chubby", although only 17 years old, weighs 140 lbs. and stands 5.9 ft. Last year he played on the high school team but has been playing substitute end this year. Frank has the nerve and should develop into a good one, his being athletically inclined.

GEORGE BROWN
Here is a good, hard, and rugged lad that has no fear and although he participated in but a few games, he has clearly demonstrated that he has the "makings". He is a son of Benjamin W. Brown, is 17 years old, weighs 145 lbs. and is 5.8 ft. tall. He starred in the game with F. & M. Academy. He was a member of the high school team last year. George is also a baseball and basketball player.

BENJAMIN GROFF
"Bull Moose Benny" surely deserves credit for the part he has taken in football. He has been managing the team for the past six years and this is the best aggregation he has ever held. Benny is 21 yrs. old, weighs 155 lbs. and is 5.8 ft. tall. He has been playing tackle for six years and is one of the hard ones. He is quite an athlete and under the nondeplume of Fighting Ben, made many of the best mit artists at his weight throughout this section.

SUBSTITUTION

By Edith Johnson

Oklahoma City, Oklahoma, *Oklahoman*

For the first time in history people have been discovering that they can substitute understanding for tolerance, reconciliation for irreconciliation, brotherliness for bitterness, love for hate.

Through the centuries people did not know why they hated those who were different. They did not realize that upon persons of other races and other creeds they were projected their own negative feelings.

Now that they have found that the source of much of their hostility, acted or repressed, springs from a sense of guilt, resulting from their unkindness and injustices, they are cleansing their minds, hearts and souls. As they use their newly acquired understanding of how human minds work, how human hearts react, there is being born a new and glorious hope for the human race, a hope that the spirit of true brotherhood is coming into being at last.

One group after another joins this movement toward brotherliness; that is, the church, the home and the school; the press, television and the radio.

In large measure this change has come about under the influence of the National Conference of Christians and Jews, its promoters having engaged in one of the noblest undertakings of the twentieth century. From year to year the Conference, nation-wide, moves from strength to strength, bringing new harmony, new happiness and new blessings into millions of lives.

Back in 1813 Union County was separated from old Northumberland County.

Pennsylvania owes its high rank as an agricultural state in large degree to the "Pennsylvania Dutch". - PNS
