

## A Look Backwards To The Good Old Days

History is always interesting—and sometimes it makes sad reading. Take, for instance, the history of the individual income tax. In 1929, the tax

on a \$2,000 income was \$2 and for a married person with two children and a \$10,000 income it was a mere \$40. Now the tax begins at 20

**the hired hand that's always working**

The farmer's telephone is always working for him. Twenty-four hours a day... it's always there at his service. Ready for the routine calls and for the times when immediate help is needed. During family emergencies, when livestock is sick, when machinery breaks down... nothing brings help as quickly as a telephone. Truly, no other hired hand is more valuable to the farmer. And we are always working to make his telephone even more useful.

COLUMBIA TELEPHONE CO.

per cent, on the lowest taxable income levels. From there it goes swiftly up the ladder, reaching 91 per cent at the top.

It's no wonder that people still talk, wistfully and nostalgically, of the good old days. Who dares to predict what taxes will be 25 years hence with government functions being expanded like the proverbial green bay tree?

### War Vet 86 Walks Mile In Bare Feet To Phone Firemen

POTTSTOWN, Pa. — An 86-year-old veteran of the Spanish American War ran over an unpaved country in his bare feet in a vain effort to save his

The Bulletin, Mount Joy, Pa. Thursday, April 19

Howard Bragg, 86, who lived alone on an isolated road about eight miles north of here near Fruitville, was preparing for bed when a wall behind an oil burner caught fire.

He dressed only in trousers and a sweater, he ran out into the sub freezing temperatures but was unable to start his car.

By the time he was able to reach the nearest telephone, at a farm a mile away, his house was in flames. When firemen arrived it was virtually destroyed. Bragg suffered frostbite and other hurts to his feet. He spent the night with friends.

### Boy's Steer Eats Hamburgers With Plenty Of Onions

SEFFNER, Fla. — Tony Valinoti, 16, has a steer whose favorite food is a hamburger, packed with plenty of onions. Tony said he discovered the steer's unusual taste by chance. Tony was eating a hamburger when "that steer stretched out and grabbed it right out of my hand."

Until then the steer had been unruly, and Tony, despairing of being unable to train it for the show ring. By holding back the hamburger until the steer followed instructions, the youth has rained it so well it is believed entered in the Florida State Fair.

**TODAY'S BIG SPECIAL**  
at a price that will open your eyes (and Purse)

If you're in the market for a real buy, take a good look at this one. It's a 1956 Buick SPECIAL—which means, of course it's a big car. But look again at the price—how it carries. It tells you this big Buick SPECIAL can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars. (And the price we'll show you proves how true that is.) The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series. Even that, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones. To understand the big reason, you've got to know something about how much pure automobile you get for your money in a 1956 Buick—

The extra satisfaction of commanding Buick's walloping new 322-cubic-inch V8 engine—  
The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling case, Buick's extra solidity of structure—  
The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflo.

Those are some of the things we'd like you to know, firsthand, about the 1956 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

*†New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*
