**SEALED BIDS** Sealed bids will be received by the undersigned Architects, Buchart Engineering Corp., at their office, 920 Columbia Avenue, Lancaster, Pennsylvania, until 4:00 P. M. (daylight time), June 21, 1956, and will be publicly opened and read at 7:30 P. M. (daylight time) on the same date at Maytown Elementary School for (1) Heating, (2) Plumbing, and (3) Electrical contract for construction of Alterations and Additions to the existing Maytown Elementary School located at River and Jacob Streets, Maytown, Lancaster County, Pennsylvania. Plans, specifications and contract documents may be examined without charge at the offices of the Architects at 611 West Market Street, York, Pennsylvania, or at 920 Columbia Avenue, Lancaster, Pennsylvania. Copies (not exceeding two) sets per bidder may be obtained from Architects' Lancaster office on deposit of \$25.00 per set for each contract. Deposits will be refunded upon submission of bona fide bid and return of plans and other documents in good order within ten (10) days after bid opening. Otherwise, deposits will become property of Architects. Proposal must be accompanied by bid check or bid bond for 5% of base bid. Bids shall be irrevocable for forty-five (45) days after opening. Right is reserved to waive information and to accept any bid or to reject any or all bids. Project to be completed and ready for use by August 15, 1956. **BOARD OF SCHOOL DIRECTORS OF EAST DONEGAL TOWNSHIP** By John D. Roland, Secretary K. L. Shirk, Jr., Solicitor 23-3c

## BUDGET, PER CAPITA AND REAL ESTATE TAX NOTICE

The proposed 1956-57 budget of the East Donegal Township School District is available for public inspection during school hours at the Elementary School House in Maytown and will be presented for final adoption at a School Board meeting in said school at 6:30 P. M. (standard time), 7:30 P. M. (daylight time), Friday evening, June 29, 1956. Persons becoming inhabitants of this school district or attaining the age of 21 therein are required by law, within 12 months thereafter, to notify George F. Eater, West Main Street, Marietta, Pa. of such acquisition of residence or attainment of age under penalty of payment of a doubled per capita tax. The budget as prepared by the Board provides for an increase in real estate tax rate from 27 mills to 29 mills. **EAST DONEGAL TOWNSHIP SCHOOL DISTRICT** By John D. Roland, Secretary 23-2c

## PER CAPITA TAX

The School District of the Township of East Donegal gives notice that its School Board intends to adopt a resolution on Friday, June 29, 1956, at 6:30 P. M. (standard time), 7:30 P. M. (daylight time), at the Maytown Elementary School, levying a per capita tax of \$10.00 for the school term 1956-57 on each resident of said school district over the age of 21 years, under the provisions of the Act of June 25, 1947 (P. L. 1145) and its amendments, in addition to the \$5.00 per capita tax authorized under the Public School Code of 1949. Imposition of this additional tax (from which it is estimated that \$24,690.00 annual revenue will be derived) is necessitated because of increased school costs; because the per capita tax authorized under the Public School Code is limited to \$5; and because it would be inequitable to property owners to collect the entire amount of said increased costs in the form of increased real estate taxes. **EAST DONEGAL TOWNSHIP SCHOOL DISTRICT** By John D. Roland, Secretary K. L. Shirk, Jr., Solicitor 23-3c

## RULES & REGULATIONS OF THE BOARD OF HEALTH OF MOUNT JOY BOROUGH, RE-PRINTING SECTION 6.

Section 6: House Drains and Sewage

(a) All sewer drains shall be water tight. No sewer drains shall empty into any lake, pond or other source of water used for drinking purposes or into any standing water within the limits of the Borough.

(b) The sewage from each building on every street provided with a public sewer shall be conducted into said sewer.

(c) All house drains more than four feet from the foundation wall shall be constructed of a type of pipe approved by the Board of Health. Any portion of the drain pipe under the building or outside and within four feet of the foundation wall shall be constructed of cast iron pipe with lead joints or wrought iron pipe with screwed joints, protected from rust waste pipes inside any building shall also be of cast or wrought iron pipe with joints as aforesaid. All joints in vitrified pipe shall be carefully cemented under and around the pipes. All joints and pipes shall be made air tight.

(d) The house drain and other pipes for the conveyance of sewage shall be laid with a uniform grade and with a fall of not less than one inch to four feet, except in those cases where the Board of Health may permit otherwise.

(e) Each pipe connecting a water closet with a soil pipe shall be separately trapped. All other waste pipes shall be separately trapped close to the connections with each bath, sink, bowl or other fixture, unless adequate provision is made for downward ventilation through said waste pipe, in which case one trap may serve for several fixtures. Double bowl sinks may have one trap for both bowls.

(f) All soil pipes shall be carried through the roof and left open. A provision shall also be made for admitting air to the house drain side of the main trap, if such trap exists.

(g) Curved pipes shall be used to change the direction of any waste or soil pipe.

(h) Before proceeding to construct or reconstruct any portion of the drainage system of a hotel, tenement, dwelling house or other building, the owner, builder, or person constructing the same shall file with the Board of Health a plan thereof, showing the whole drainage system, together with the location and size of branches, traps, ventilating
