Outstanding Event Planned For Picnic Of Auto Club

One of the most elaborate fireworks displays ever presented in this area will be a feature of the big free show to be staged in Hershey stadium on Thursday evening, July 26, as a special event of the 34th annual Lancaster Automobile Club picnic. The stadium program will include a concert by the Pottstown band and glee club and an hour-long Pennsylvania State Police rodeo presentation. A colorful parade of the mounted troopers bearing flags will open the rodeo, followed by the famed serpentine ride and novelty saddle drill. Next will come the thrill-packed drills and stunts of the troopers on motorcycles. Mounted and aerial balloon shooting and a precision rifle drill also will be on the rodeo program. The west stand of the huge stadium will be reserved for Club members, their families and friends. The east stand will be open to the general public. Stadium gates will be opened at 6 p. m. and the show will start at 8:30.

Farm Safety Week Is July 22 - 28

Harrisburg - Loss of 42 lives in accidents involving farm workers and members of Pennsylvania farm families during the first 6 months of this year is "far too many" when most of the accidents could have been avoided, State Secretary of Agriculture William L. Henning declared.

As Pennsylvania chairman for observance of Farm Safety Week, July 22-28, he issued the following statement:

"Human failure is associated with nearly every farm accident. Loss of life and limb are the harvest gathered after the seeds of carelessness have been sown. For the first half of this year the Pennsylvania Rural Safety Council reports forty-two fatalities among farm people, far too many compared with the total of 69 for the entire year of 1955. Scores of others have been permanently or temporarily disabled. Costs in medical care and time lost from food production are terrifically high.

"This year's death toll included six farm boys killed in highway accidents just a few days before their graduation from high school. Tractor accidents caused the death of 20 people ranging from 10 to 73 years of age. The other 22 farm fatalities came through falls, fires, drownings, hay mowers, electrically charged wires, logging, a baby choking on a wood screw, and older person choking on orange peel, and so on. A Centre County youth driving a horse and buggy was killed when the rig was struck by a car.

"Not always do accidents just happen. Most are the result of haste, fatigue, indifference, carelessness or lack of clear thinking when taking a chance. Industry trains its workers in safety practices. Farm people must train themselves and keep in mind - 365 days of the year - that safety pays in all ways. Safety is the cheapest investment in the world, but it can be made to pay the biggest dividends. Farm Safety Week is our annual reminder that safety practices will make farm life safer, happier and better."

DUPLER REUNION
The tenth annual Dupler reunion will be held Sunday July 29, at the Elizabethtown Park, Elizabethtown. Lunch and registration will begin at noon. The program will begin at 2 p. m. Entertainment and prizes will be provided by the respective committees.
