TSCW LEADER

Denton, Texas — Stressing the values of its opportunities for leadership training and education for careers especially suitable for women, the Texas State College for Women will open its fall session with four new buildings and an anticipated enrollment increase of approximately 20 per cent over last year. Orientation sessions for Club

new students are Sept. 17, with registration Sept. 18-19. Created as a multi-purpose institution by an act of the 27th Legislature in 1901, TSCW has become renowned in the unique character of a state university for women. It always has served statewide rather than sectional area needs.

"Notable landmarks of progress included the organization of a graduate school, then in later years the emergence of professional schools, large-scale research programs, component colleges, and doctoral sequences which have won national acclaim. Charges for attending TSCW are among the lowest in the nation." President John A. Quinn pointed out.

Student leaders who will have important parts in welcoming freshmen and transferring students include Genevieve Zimmerman, daughter of Mr. and Mrs. Harold Zimmerman, 115 S. Barbara St. The senior bacteriology major will be vice-president of Biology Club, departmental group. She is a member of several sports interests clubs and Aglaian Literary-Social year. Reich's Church

The continuous growth of the church has presented many problems, one of significance being the increasing amount of service devolving upon and required of a part-time pastor. Last year the church requested the General Conference of the Evangelical Cong. Church to supply the Reich's Church with a full-time pastor. On account of the shortage of men in the ministry, this could not be granted for the present year; but it is the hope of the church that in the very near future a full time pastor serving the Reich's Evangelical Congregational Church will be a reality.

Statistical records through the years disclose the fact that there has been a steady growth in all of the activities of the Reich's Church. In 1884 a list of twenty-six names composed the entire Reich's Class membership; in 1940, the year of the extensive renovation program the list had lengthened to ninety names constituting the church roll. Gradually from year to year there had been an ingathering until at the present membership of Reich's Church has reached the highest peak in her history — one hundred fifty-eight.

A century! One Hundred Years! In 1856, an era of time! Reich's Church has passed through this vista of years with experiences of tests, trials, disappointments, and, at times almost defeat, but there is a record of victory. She has received and accepted the challenge to "publish the glad tidings." May she continue to maintain the high spiritual ideals set by her devout founders, and may her talents be dedicated anew to the service of the Lord.

In one year, 1860-61, eleven states seceded from the Union.
