Here! New Task-Force 57 Chevrolet Trucks!

Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few

Six new '57 Chevro et trucks, heavily loaded with cargo, roared north from Dawson Creek, B.C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip-normally a 72-hour run-in less than 45 hours. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!

Come in and see how well these new Alcan champs measure up to your job.

Alcan fleet reports up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thrift-master 6 and Overdrive (optional at extra cost). FIRST WITH THE MOST MODERN FEATURES:

New 283-cubic-inch Taskmaster V8 is standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

L.C.F. models outdate C.O.E. trucks in every way; yet offer all the traditional C.O.E. advantages.

Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. Special features include butt-in 3-speed power divider.

Powermatic-equipped 10000 Series tractor traveled the Alcan Highway in a single forward-speed range!
