Holstein Herd's Tests Completed

Announcement has been received from the Holstein-Friesian Association of America of the completion of a lactation average by the registered Holstein herd belonging to A. W. Wickenheiser, Mount Joy.

The herd's 24 cows averaged 13,903 lbs. milk and 513 lbs. of butterfat on a two-milking a day - 305-day mature equivalent basis.

Testing of the herd was supervised by Pennsylvania State University and the record is a part of the Herd Improvement Registry Program of the Holstein-Friesian Association of America, Brattleboro, Vermont. The program provides individual lactation and lifetime production records on every registered Holstein cow in the herds enrolled.
