Surpasses its Own Great Reputation !

You're looking at a mighty surprised man. Almost all of his adult life he has owned and driven Cadillac cars. And so, when he decided to take an hour out from his busy schedule to see and drive the new 1957 Cadillac, he thought he knew about what to expect.

Well, here he is-barely under way in the city -and already he is learning the startling truth. He is learning that nothing could adequately

prepare a man for the new "car of cars"-not even Cadillac ownership itself!

He suspected it, in fact, the instant he stepped into the showroom and caught his first glimpse of this newest Cadillac creation. This was an entirely new kind of Cadillac beauty-brilliantly fresh in line and in contour.

And then he opened the door and swung into

the driver's seat-and found added evidence all around him. On every side were new miracles of interior beauty and comfort and convenience, And when he turned the key and put his foot

on the accelerator, his sentiment grew to conviction. The car was incredibly nimble and quiet and smooth of ride.

Surprised, did we say? Just wait until he hits the open highway and receives the final verdict.

No question about it-this is the Cadillac that literally surpasses its own great reputation!

We suggest that you come in soon to see and drive this most surprising new Cadillac in fiftyfour years. It's an experience you shouldn't postpone-and one you'll not soon forget.
