PP & L Gives Stock Earnings

Earnings accruing to the common stock of Pennsylvania Power & Light Company for the twelve months ended December 31 were \$19,643,759 — equivalent to \$3.32 per share of common stock outstanding at such date, as compared with \$17,471,758 or \$2.95 per share for the twelve months ended December 31. Both divisions requiring certain recent orders of the Pennsylvania Public Utility Commission required certain refunds and rate reduction, including non-recurring interest applicable to such refunds.

Earnings for both periods include earnings of former subsidiary, the Scranton Electric Company, (merged January 31, 1956) for applicable periods prior to merger and earnings for 1955 also include restated earnings of the former Pennsylvania Water & Power Company (merged June 1, 1955).

Revenues for the twelve months ended December 31, 1956, after appropriate adjustment to reflect such Commission orders, were \$128,604,964, an increase of 6.3 percent over comparable revenues for the previous year.
