**Save telephone time!**  
**Check the DIRECTORY before calling**

Speed is the keynote of today's modern living. Your telephone service, for instance, gets you anywhere in the world in mere minutes. Yet, surprisingly enough, you can make this service even faster.

All you need do is check the directory before calling. That way you avoid the wasted time dialing wrong numbers. And, of course, by checking the directory first there are no delays caused by going through "information" switchboards.

Save time... avoid inconvenience... check your directory before calling any number.

**Columbia Telephone Co.**

Sweet, smooth and sassy—that's Chevrolet all over. Above, you're looking at the Bel Air Sport Coupe.

**Clings to the road like a stripe of paint!**

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that nicely, too—with up to 245 h.p.\*

Come on in and take a turn at the wheel of a new Chevrolet.

\*270-h.p. high-performance V8 engine also available at extra cost.

Only franchised Chevrolet dealers **CHEVROLET** display this famous trademark
