DRAMATIC FANS TEST SHOWS WHY WESTINGHOUSE DRIES BEST

Ordinary dryers waste heat, force air through holes in dryer basket. Westinghouse dryer uses all heat, blows directly on tumbling clothes.

Come in and make the very same Westinghouse Laundromat®

SAND TEST

that Betty Furness makes on "Studio One"

PROOF! Dump 2 full cups of sand in a Laundromat loaded with towels. Watch the New Way to Wash turn the towels out entirely sand-free, as no other washer could do.

THE REASON: There's no old-fashioned center-post to bunch clothes and dirt around it, keep mixing them throughout the wash-and-rinse cycle. Smooth agitators inside the Laundromat washbasket lift and plunge clothes 50 times a minute. Machine itself is thoroughly cleaned too, like no other washer on the market.
