FOUNDER OF THE SALVATION ARMY

PLATTER CHATTER

By Nancy Rainbolt

Since Calypso is so popular these days, here are some interesting facts about the subject I thought you might enjoy. It was published in the latest edition of the weekly school newspaper, "Every Week":

"Nearly all calypso songs are topical. Like our folk songs, they tell a story. The accent may fall anywhere. The beat is the important thing. Now are most calypso singers good vocalists. The music allows them to talk the words in a musical manner. Genuine calypso has little melody. Standard calypso instruments include the guitar, banjo, drums, and rumba box. A rumba box is a hollow rectangular instrument somewhat like a guitar without strings. The musician sits atop the instrument."

SPOTLIGHT ON ALCOHOL

IS THIS GOOD BUSINESS?

The most careful study of the economics of the alcoholic beverage industry ever made in this country is to be found in the report to the legislature of the state of Massachusetts by a Governor's Commission headed by Judge Joseph P. Zottoli of the Boston Municipal Court. Listen to the Judge himself:

"In our report to the Massachusetts Legislature we pointed out that the direct annual cost of alcoholism to our state totaled more than \$60 million, while the total annual revenue derived from taxes on the liquor industry amounted to about \$13 million.

"If the cost of indirect effects were taken into consideration, the losses to the State would be astounding. There is evidence that in general the cost to the State due to alcoholism is about six to eight times what it receives in taxes from the liquor industry."

"New York City was the first to take up the craze. In Manhattan, places which feature Calypso entertainment are popping up like mushrooms. One place on Broadway, near Columbia University, is called the Calypso Dock. Its interior is designed to resemble a Caribbean pier, with fish nets, ropes, and palm trees. It is thronged with people who want to hear the Jamaican Thunderbirds sing.

"Calypso is the folk music of the Caribbean people of African descent. It originated among the Negro slaves taken to the West Indies, and it reflects their longing for freedom. Calypso was first sung in their native tongues. But, in time, French and Spanish expressions were added.

"Trinidad, the British Colony in the West Indies, is recognized as the basic source of calypso. But the folk songs of the Virgin Islands, Jamaica, and the Bahamas are also genuine calypso.

The 1955 auto registration in India showed 1 car for each 1,000 people.

ATTENDED MEETING
Miss Thelma Taylor, mathematics teacher, at Donegal high school and Miss Grace Henderson, arithmetic teacher, at Maytown Elementary School attended the 35th annual meeting of the National Council of Mathematics Teachers. The meetings were held at the Bellevue Stratford Hotel, Philadelphia, on March 27-30.

"That proves it to me... the J-2 Rocket is like two engines in one!"

HE: Right! This J-2 Rocket* is really a new driving experience!

FRIEND: Well, I've handled a Rocket Engine before, but nothing like this. They've always had pep, but this one's got that extra pep when you need it!

HE: Don't forget economy.

FRIEND: Yes, but you can't feel economy.

HE: Feels pretty good to the pocketbook.

FRIEND: Right! But it beats me how you get economy with a big car like Olds.

HE: Easy. For cruising around, you just use one dual-barrel carburetor.

FRIEND: Bet that waters down your performance some.

HE: Not a bit. I've got regular Rocket performance right through the economy range. And believe me, that's plenty. But if you need more power...

FRIEND: Then what?

HE: Go to Stage Two. You just saw what that does. Give it three-quarters throttle and you've got three dual carburetors dishing up more power and torque.

FRIEND: Tell you the truth, I've always liked an Olds. Thought we might get one ourselves some day.

HE: Checked the price lately? You'd be surprised how easy it is to own.

*277-h.p. Rocket T-400 Engine standard on all models. J-2 Rocket Engine, with 300 h.p., and special Rocket Engine, with up to 312 h.p., available at extra cost.
