Sloan's Rexall Drug Store will join Rexall Drugs across the nation Monday in putting on the semi-annual Rexall One Cent Sale. It was announced today by Mr. Walter Sloan, owner of the store, he will continue it through Saturday, May 4th.

He explained that under the One Cent Sale plan, originated by Rexall in 1913, customers can buy an item at regular price, then get another of the same item for only one cent more. All carry the usual Rexall guarantee. There will be hundreds of items on sale, including some from every department of his store. In addition to the One Cent Sale merchandise, there will be what are termed Surprise Specials, merchandise that is not being sold under the One Cent Sale plan, but is still bargain priced.

As a special service to the shoppers, Walter Sloan said, Courtesy Advance Shopping List booklets are available now. They may be filled out ahead of sale dates, left at the store and the merchandise picked up any time during the sale.

The Rexall One Cent Sale is being widely advertised in newspapers, magazines, radio and television.

Diamonds are 85 times as hard as the nearest competitor.

How much telephone tax is on your bill?

Take a look at your next telephone bill and you will see that ten per cent of the charges go to pay federal excise taxes. Your telephone company acts as the government's tax collector—at our own expense.

But what you don't see as readily is an additional amount of over 20% which we forward to local and state collection agencies, and pay out in other taxes.

This means that at least one-third of your telephone bill goes to the tax collectors.

If you think these taxes are too high and something ought to be done about it... write to your Senators and Representatives, or your local tax administrators. They will welcome your views.
