Drive with care... everywhere!

come try Chevrolet's new Triple-Turbine take-off!

Sweet, Smooth and Sassy—that's Chevy! Model illustrated, the Bel Air Sport Sedan with Body by Fisher.

Turboglide is the first and only triple-turbine transmission! You can feel the difference from your very first take-off!

Just slip Turboglide into "D" for "Drive" and pay it no mind. There is no "Low" or other positions to worry about.

For this is the automatic with triple turbines. One for quicksilver starts from a standstill. Another for cream-smooth cruising. And a third turbine for passing response that's safer all the way.

In GR (Grade retarder) position Turboglide helps slow you down—saves your brakes on long, steep hills.

When you team Turboglide with Chevy's new Positraction rear axle, you've really got it made! You have surer, safer control on any road surface.

Try a sweet, smooth and sassy Chevrolet with these two new extra-cost options at your Chevrolet dealer's.
