I catch 'em before they come

I'm a trouble expert.
As an insurance man, I've seen hundreds of cases of trouble prevented by insurance coverage against law-suits, accidents, fires . . . and many other forms of loss which may come to anybody.

I know of dangers you may not even suspect. I won't scare you, but won't you give me a chance to diagnose your dangers—personal dangers—family dangers—home dangers—business dangers . . . and to show you how they can all be met by modern insurance protection?
