**Contact Lenses Is Rotary Subject**

Contact lens and their place in the correction of vision was discussed for Mount Joy Rotarians Tuesday as they met at Hostetters for their weekly luncheon meeting.  
Dr. David B. Gantz, Lancaster optometrist, was the speaker. He said that at this time there is no indication that contact glasses will replace the spectacles of common usage.  
It was his idea that they are more for athletes and for individuals who have special uses for plastic lenses. Dr. Gantz said that their cost will prevent them from becoming popular within the near future.

However, he said that there is no danger of injury from accidents in which the wearers may be involved and he revealed that boxers often wear them in the ring.

The speaker was introduced by Dr. John Stauffer, who was a classmate of Dr. Gantz. Rotarians will enter a team this winter in the Social club bowling league, which will roll at the Lincoln alleys.

Wednesday evening, Sept. 4, Rotarians and their ladies will hold a summer outing at the cottage of Mr. and Mrs. Sam Balsbaugh. The cottage is located near Mt. Hope church.
