Norse fishermen inspired this all-season Thermal Underwear by Munsingwear

Norse and other Scandinavian fishermen traditionally threw their fish nets over their backs for warmth after a day's fishing. From this practice came Munsingwear's THERMAL UNDERWEAR for the outdoor worker and sportsman . . . made with a knit waffle pattern that traps the air . . . and prevents evaporation by lateral body movement. Finished with Munsingwear's accustomed care, this underwear gives full coverage; has (1) elastic waistband, (2) stretchy seat which stretches when you bend, (3) taped shoulders and (4) double cuffs.
