THE BULLETIN

Has Something No Other Publication Can Give You

WHEN you are spending your money for advertising you want to make sure that every dollar will go where it brings back maximum returns.

Here is something for you to consider in this connection.

By advertising in The Bulletin you get something no other publication in this field can give you . . . a PLUS that assures greater value for your money. You get "following" that dates back to 1901. You get reader acceptance that has been building up steadily for 57 years.

The Bulletin has been doing business in this field so long that it has become a tradition. To farmers, laborers, citizens and allied industries The Bulletin has become part of their way of life. It is the only medium that enables you to reach all of your prospects in one operation.

Add it all up and you will see that it is smart to tell your story in these columns regularly—display or classified.

This is a real opportunity. The fact that it is before you from week to week in no way diminishes its importance to you, and in no way lessens the loss you sustain if you fail to take advantage of it.
