SKETCHES SHOWN
John Greiner, Lancaster architect, showed the first of preliminary sketches of a building at the Wednesday night meeting of the Community Council of Mt. Joy in the First National Bank lobby. The group approved his sketches and gave its approval for him to continue with further sketches.

Eugene Eicherly announced that landscaping of War Memorial Park which included grading the plot, removing of tree stumps and dead trees, the filling in of top soil and the planting of grass seed is now completed. The group decided to pay the second portion of the bill for the landscaping which amounted to \$950.

Warren Foley, newly elected president of the group, announced that he will be naming chairmen of various committees in the near future. Last night's meeting marked the last general meeting until October but the president announced that he will call an executive meeting in September.

Gretna Opens Season With Hilarious Play

Frank Hammerton is a visitor from outer space!

This popular New York actor has one of the choice roles of the year in Gretna's

opening production, the hilarious "Visit To A Small Planet," which started Thursday night.

Hammerton portrays, Kron, an elegantly-mannered inhabitant of another planet who decides to make an impromptu visit to the earth because the frantic behavior of terrestrial residents has always amused him as a hobby.

Particularly in their years, their goings-on have seemed curious to him, and he has come to watch one of their better ones—The American Civil War—with something of the same holiday spirit that earth-dwellers go to see football games.

Hammerton, who has appeared at Gretna during three previous seasons, has a peculiar German-sounding accent which adds lustre to his portrayal of the unusual spaceman.

GAMES SCHEDULED
Next week's games scheduled for the Mount Joy Midgets will be June 16, Elizabethtown away and June 18, Columbia Pioneers at home.

Overall height of the Statue of Liberty is 305 feet.

THE BULLETIN
Has Something
No Other Publication
Can Give You

WHEN you are spending your money for advertising you want to make sure that every dollar will go where it brings back maximum returns.

Here is something for you to consider in this connection.

By advertising in The Bulletin you get something no other publication in this field can give you . . . a PLUS that assures greater value for your money. You get "following" that dates back to 1901. You get reader acceptance that has been building up steadily for 57 years.

The Bulletin has been doing business in this field so long that it has become a tradition. To farmers, laborers, citizens and allied industries The Bulletin has become part of their way of life. It is the only medium that enables you to reach all of your prospects in one operation.

Add it all up and you will see that it is smart to tell your story in these columns regularly—display or classified.

This is a real opportunity. The fact that it is before you from week to week in no way diminishes its importance to you, and in no way lessens the loss you sustain if you fail to take advantage of it.
