on the way to all the theaters? The newly released "Hard Headed Woman" from his movie is coming up fast with predictions of becoming another all time million seller for Elvis Presley.
A little girl from Baltimore, Leslie Ugan, is doing big business with her, "Ice Cream". Patti Page is certainly no newcomer to the subject of records. She has two equally nice tunes, "Loving To Hold You Again" which is a nice slow thoughtful type with a real bouncer on the flip, "Left Right, Out Of Your Heart". I know everyone remembers "The Witch Doctor" of just a few weeks ago and certainly still going strong for David Seville. He has a new novelty called "The Bird Sittin On My Head". I don't

think this is going to make any creditable notice.
The Platters are a popular group of fellows especially since their recent "Twilight Time". Now their current hit is coming right up the charts — "Your Making a Mistake".
Care to chilypso? Mickey and Sylvia are trying to bring back their popular hit, "Love is Strange" of about a year ago in "Bewildered".
"Leroy" seems to be a popular guy these days. Yes, it's a new rock-n-roll number by Jackie Scott. A real pretty ballad that tells a sorry story that turns out living happily ever after is, "Endless Sleep" by Jodie Reynolds. Another cute number is done by Bobby Darin "Splish Splash".
So you think your nervous? Have you heard the real rocker by Gene Summers titled, "Nervous". I predict big things for this one. Also "Speechless" by a new group, the Catalina's.
I'm sure the older generation will remember the beautiful tune, "Moonlight Bay" you'll never recognize it these days done instrumentally at a fast and lively pace by the Drifters. "I Can't Believe That Your In Love With Me" has been revised by Arlene Fonta—in my opinion the introduction is the

TALLULAH BANKHEAD

Harrisburg Playhouse of Stars with a gala opening on Saturday, June 21, and will continue through June 23.
Never one to surround herself with a weak supporting cast, Miss Bankhead is accompanied by an outstanding troupe of stage and screen actors. Featured among them is Warren Kemmerling, star of Broadway's "Oklahoma", "Pine Dream" and most recently, "Orpheus Descending".
"The House on the Rocks" is an exciting mystery drama which deals with violence and its psychological effects on an old aristocratic Dutch family.
The company has been rehearsing in the Scottish Rite Theatre, summer home of the Harrisburg Playhouse of Stars at 2701 North Third Street, Harrisburg.

To Play Wicked Character At Gretna

Gretna Leading Man Ray Rizzo will be seen portraying one of the most wicked characters in English literature when he takes the part of Count Dracula in the mystery classic, "Dracula," which opened Thursday night at the Gretna Playhouse.
And, Rizzo regards his role as a challenge because it is entirely different from anything he has done before in the theatre.
"I've been cast as a gangster, a goat farmer, a dope addict and in other unusual parts, but this is the first time I've been asked to play a blood-sucking vampire!" said Rizzo.
He went on to explain that "Dracula" is a gothic horror story, a tale of the "undead." By day they sleep in sepulchres; by night they flutter through the dark night air, searching for fresh blood (by which they live) at the necks of fair young maidens. Lyn Alstad is his victim.
Directed by Charles F. Boehlan, "Dracula" runs nightly, except Sunday, through Wednesday, June 25.
Gretna Playhouse officials have announced that Tennessee William's Pulitzer Prize comedy-drama, "Cat On A Hot Tin Roof" will follow "Dracula."
Previously, "Grand Prize" had been announced as the third play of the current season.
A new member of the Gretna Playhouse company will make his debut in "Dracula." He is Claude Latson, handsome young juvenile, who will be seen in a role which calls for partial insanity. However, in real life, Claude is perfectly well . . . and the girls will be interested in knowing that he is 5 feet 11 inches tall; has brown hair; blue eyes and is single. He was born in Texas and has acted in major theatres throughout the United States.
