# Income Up To \$5,100

The average U. S. family income rose about 2 percent to \$5,100 in 1958, according to estimates of the Census Bureau. The number of families where the chief wage earner worked full time for the year dropped from 63 percent in 1957 to 62 percent in 1958. Of the nation's 44 million families about 10 percent received \$10,000 or more during the year and about two-fifths received between \$5,000 and \$10,000 for the year.

# SPABC Co-op Buys New Sire

The Guernsey Sire Selection Committee of South-eastern Artificial Breeding Cooperative recently announced the purchase of SG 55 Golden Harvest King Cole 500101. Mr. Herman Stebbins, Guernsey Committee Chairman stated the seven-year old bull formerly owned by Peter and Elizabeth Zeiler and Raymond and Louise Witmer was introduced to dairymen in the very near future. The American Guernsey Cattle Club recognized "King Cole" as a "Gold Star Sire" in November, 1958 checks' value of \$30,416,541.

# RECORD TURKEY CROP IN PROSPECT

If turkey growers carry out their turkey production intentions for 1960, they will produce about 87 million turkeys, compared with 82 million last year, an increase of 6 percent. More specifically, current intentions, as reported by the Crop Reporting Board last week, indicate that 22,024,000 heavy white turkeys will be raised this year, up 21 percent; 52,189,000 bronze and other heavy breeds, up 8 percent; and 12,621,000 light breed turkeys, a decrease of 18 percent.

# BIRDS MUST EAT

When egg production slumps check on the consumption of the laying flock, remind F. H. Leuschner, Penn. State extension poultry specialist. One way to increase feed consumption is to furnish mash in a different and appealing form. The simplest way is to feed pellets, but wet mash also is appealing to the birds.

A dead person may vote, legally, if he mails an absentee ballot and then dies before election day.

Payments spread over the year. No big bills in cold months.
