Donegal Nine Nips Manheim C.

The Donegal high school baseball team defeated Manheim Central, 3 to 1, in a home game Thursday afternoon, April 21. John Mattera pitched the entire seven innings and gave up only 4 hits. Jim Bennett drove a mighty blast over the right field fence with two men on base to score all of Donegal's runs. The visitors rallied in the last inning with the aid of several errors to score their only run. This win enabled Donegal to start the season on the right foot by winning their first league game. Manheim Central had previously downed Elizabethtown so that this game evened their record at 1 and 1.

The game with Hempfield Tuesday afternoon ended in a 2-2 tie after five and a half innings on account of rain. The game will not be replayed unless necessary to determine the league championship later.

CHEVROLET
OVER BACK-COUNTRY ROADS AT 45 WITH A SKY-HIGH LOAD OF TIMBER

Chevy middleweight shows the big rigs how it's done!

That's a 6303 medium-duty Chevrolet powered by a 283-cu.-in. V8. But there's sure nothing medium-duty about the load. Mr. J. E. Blankinship, Arkansas logging contractor, says both of his torsion-spring 6303's "move along at 40 to 50 miles per hour with 55,000 pounds gross weight and maintain a 5-trip-a-day schedule with no trouble at all." Figure the money you save when you've got a medium-duty truck that can cover 30,000 back-country miles a year with a high-tonnage load!

We've never seen anything like the amount of praise truck owners are heaping on Chevy's new torsion spring suspension. Owners like the fact the truck handles a whole lot easier, can move faster off the road without beating the driver to death and shaking loose all the sheet metal. They like the idea of extra thousands of miles before trade-in . . . Drive a '60 Chevy just once. It's a whole new experience.

(Chevy middleweight averages 200 miles of back roads a day dogging timber out of the woods and delivering it to the mill at Crossett, Arkansas.)
