**C**

For 23 years Inter-County has sought to give its subscribers essential protection at reasonable rates —with prompt payment of benefits at any hospital. However, the rising cost of hospital care has limited the help Inter-County can give—at the rates charged for its Plan A and Plan B.

Therefore, at the request of many subscribers, Inter-County now offers its new Plan C, which provides benefits more compatible with current hospital charges for room and board, X-rays, laboratory and other hospital services. Plan C also includes surgical service in a hospital's out-patient department and other benefits not available in Plans A or B.

In addition, subscribers to this new Plan C have the option of including diagnostic services received as an out-patient in a hospital, or as professional service by a doctor, in or out of a hospital.
