Rotary Hears Of Handicapped

Mrs. Cassie Kieth, who teaches handicapped boys and girls at Grand View school, was the speaker Tuesday noon at the weekly luncheon meeting of the Mt. Joy Rotary club, held at Hostetters.

She told of the attempt being made to serve seriously handicapped youngsters and outlined the program being followed.

There are 20 children 5 to 16 years of age who are termed "trainable", and who are being given the opportunity by the county. Donagan school district furnishes only the room space.

The speaker pointed out that despite their handicaps, they are more like other children than they are different from other children. There is no difference, she said between the students and any class in appearance, personalities, discipline, family background, etc.

To train these children to reach the highest limit of their capabilities, is the goal of the program, Mrs. Kieth said. "We try to teach them concrete things and situations in their own environment," she said.

A distinguished Rotary visitor had luncheon with the club Tuesday noon, stopping here while en route to Reading. He was Phil Loveland of Evanston, Ill., who is former general secretary of Rotary International, serving for 23 years in the international staff in Chicago and Evanston.
