It's the savingest time of the year on the trucks with the workingest ways

SAVE! You just can't beat August buys for saving. It's the time of year when Chevrolet dealers traditionally pull all the stops. You'll find sweeter-than-ever savings waiting for you on every '61 Chevy truck—from the nimble Corvair 95's, right up to the mighty medium- and heavy-duty jobs. Come in and save a bundle!

SAVE! You just can't beat Chevy trucks for working. With Chevy's easier riding Independent Front Suspension, loads ride easier, drivers stay fresher, the truck lasts longer. You get more work, more hauls, for your truck dollars!

SAVE! And for the frosting on the cake—you just can't beat Chevy trucks at trade-in time, either. Latest official industry reports prove that Chevrolet trucks lead in trade-in value, week after week, over every major competitor in Chevy's price range.*

going to press and the dead- line for changes has been set to allow for necessary ad- ustments in making correct- ions or additions, Smith said. Subscribers who wish to change their telephone list- ings in any way, or those who wish to add new listings can advise the te'ephone company by calling the com- pany business office. Smith explained that errors occas- ionally occur in spelling or addresses, despite the com- pany's careful checking. Every subscriber is urged to check the name, address and telephone number ap- pearing on his last telephone bill. This is the way the list- ing wil' appear in the new directory unless the com- pany is notified that it is in- correct.

Musical Playing Fifth Week

Two ta'ented young per- formers—Jane Mellin Smith and Wesley Owen—are res- ponsible for a large part of the overwhelming success of the Pa. Dutch Musical, "Plain Betsy," now in it's fifth week at the Greta Playhouse.

In the roles of Hilda and Jake, Jane and Wesley pro- vide a lions' share of the laughs in the colorful musi- cal, and each evening literally stop the show with their mu- sical number, "Jake, You're Jake With Me."

Directed by Charles F. Coglan and produced by Gene P. Otto, "Plain Betsy" is the first show to run for five weeks at the popular Mt. Gretna summer theatre.

Jane Mellin Smith is a resident of Hershey and has been active in plays and mu- sicals at the Harrisburg Com- munity Theatre. She is vocal music teacher at Lower Dau- phin high school.

Wes is a professional New York actor with an impres- sive list of credits covering theatre, radio and television.

Rotarians Hear Prison Warden

Crime is the second item in the public budget, said Jack Tracy, Lancaster Coun- ty prison warden told Mount Joy Rotarians Tuesday noon at the club's weekly lunch- eon meeting at Hostetters.

Crime is second only to national defense in its cost to the public he said as he revealed facts and figures to the local clubmen.

In Lancaster county alone, a half million dollars go for prison, parole and pro- bation activities, he said. Prison costs alone are $114,- 000.

The penal problem is everyone's problem he sug- gested but said that there is very little reaction to the prob'em unless there is some- thing sensational or unless there is some kind of public scandal.

Nevertheless, he is attemp- ting to install a new outmate program in the Lancaster prison which gives a prisoner an opportunity to continue with his regular job, to sup- port his family, to keep up his obligations and at the same time serve his imposed sentence.

Prisoners go to their reg- ular jobs but spend all their time off the job in prison, serving time.

The system has operated rather successfully, he re- vealed, reporting that of 30 men placed on this outmate program only two have "gone bad."

At the same time, he is op- erating a rehabilitation pro- gram, to give prisoners some knowledge of a skil' or trade so that when released they can find employment at a better pay rate than when they entered prison.

Concerning the guards at 'he prison, he said that they are difficult to find, that the pay rate is low and the turn- over of employment high.

The speaker was introduc- ed by Lavern K. Mumma, vice-president. who had ar- ranged the program.

'Passing' Thoughts

"Passing thoughts" for highway safety were outlined yesterday by Keystone Auto- mobile C'ub in answer to the question: How many feet of clear road do you need to go around and pass another car?

Edward P. Curran, Safety Director of Keystone, declar- ed, "Far too many drivers depend upon their gas pedals to get them out of danger- ous situations brought about by their failure to allow en- ough passing time and space Few motorists realize that at 50 miles an hour they must have 1200 feet, nearly a quarter of a mile, to pass a car in front trave'ing at 40 miles an hour, where there is no oncoming traffic. The min- imum safe clearance distance must be doubled, at the same speeds, when a vehicle is ap- proaching from the opposite direction.

"Further examples: If here is no oncoming traffic and you are driving at 20 m. p.h. and your speed is 10 m. p.h. greater than that of the car you are passing, you will need 240 feet clearance; if your speed is 15 m.p.h. great- er you will need 160 feet. With oncoming traffic, those distances are doubled to 480 and 320 feet. respectively. If with no oncoming traffic your speed is 70 m.p.h., you will need 2240 feet, or near- ly ha'f a mile to pass a car traveling at 60 m.p.h.;
